T. R. CRITICISES WILSON IN EMPHATIC WORDS

Speaks At Request of Organization of Business Men

Colonel Declares He Has Not Said "One Thing of Him That Was Not Absolutely Accurate and Truthful"—Asserts Wilson Has Covered Nation's Face With Shame.

New York, Nov. 3.—Colonel Theodore Roosevelt criticized President Wilson in emphatic words tonight in an address at Cooper Union, which he delivered at the request of a campaign organization of business men who oppose the re-election of Mr. Wilson. Taking as his subject "Our Nation's Crisis," Colonel Roosevelt said a world cataclyism has overwhelmed civilization and that the times have needed a Washington or a Lincoln, "but unfortunately we have been granted only another Buchanan."

"I have been assailed," said the speaker, "because I have criticised Mr. Wilson. I have not said one thing of him that was not absolutely accurate and truthful. I have criticized him because I believe he has dragged in the dust what was most sacred in our past and most vital hopes of our future. I criticize him now because he has adroitly and cleverly and with sinister ability appealed to all that is weakest and most unworthy in the American character and also because he has sought to lead men and women, who are neither weak nor unworthy, but who have been misled by a shadow dance with words. He has kept the eyes of the people dazzled so they know not what is real and what is false. In the face of the world he had covered this nation's face with shame as with a garment.

"I hardly know whether to feel the most burning indignation at those speeches of his wherein he expresses lofty sentiment which his deeds belie or at those other speeches wherein he displays a frank cynicism of belief in, and appeal to, what is basest in the human heart. In a recent speech at Long Branch, he said, as reported in the daily press, that 'you can not worship God on an empty stomach and you can not be a patriot when you are starving.'

"No more sordid untruth was ever uttered. Such a sentence could be uttered only by a president who cares nothing for the nation's soul and who believes that the nation itself puts its belly above its soul. I call the attention of these apostles of the full belly, of these men who jeer at the nation's soul, I call the attention of President Wilson and his secretary of war and his secretary of the navy to what Washington said to his own soldiers in a letter to congress."

Colonel Roosevelt then red the statement from Washington's letter on the army's suffering as, without sufficient clothes or blankets or shoes the men marched with bleeding feet, thru snow, submitting without a murmur.

"This is what Washington said," commented Colonel Roosevelt. "Does Mr. Wilson think that these men of Valley Forge were not patriots because they were starving? Mr. Baker and Mr. Daniels have done evil to this country only because they stood where their master, Mr. Wilson, placed them. I call your attention to their statements not only because they are foul slanders on everything that is good in human nature, and on every American worth calling an American, but because they show the character of Mr. Wilson."

Colonel Roosevelt, earlier in his address, said that the appeal had been made for Mr. Wilson that "we should not change horses in crossing a stream." On this he commented in these words:

"The worth of such an apeal is obvious when the horse, whenever he comes to a stream, first pretends he is going to jump it, then refuses to enter it, and when he has reached the midle, alternately moves feebly forward and feebly back and occasionally lies down. We had just entered the greatest crisis in our history when we 'swapped horses' by exchanging Buchanan for Lincoln, and if we had not made the exchange we would not have crossed the stream at all. The failure now to change Mr. Wilson for Mr. Hughes would be almost as damaging."

FEMALE SERVANTS IN DULUTH ORGANIZING

DULUTH, Minn., Nov. 3.—Announcement was made today that all female servants in the city are being organized into a union under the standard of the Industrial Workers of the World.

A mass meeting of domestics at which a schedule of wages will be adopted is planned for next week. Elizabeth Guerly Flynn, I. W. W. organizer, said the women will demand wages that "will permit them to buy proper clothing, defray necessary expenses and make regular bank deposits."

INCORPORATE TWO FIRMS

Springfield, Ill., Nov. 3—In-corporation papers were issued here today to Johnson Brothers of Peoria to conduct a general retail merchandise business. The capital is $20,000.

The Jarrett Amusement company of Alton also was incorporated with a capital of $7,500 to operate amusement parks.

REPORT TORREON ISOLATED.

El Paso, Texas, Nov. 3.—Torreon is isolated, according to a report received here today by government agents from semi-official sources in Juarez. The railroad is reported to have been cut between Jimenez and Torreon and also south and east of the Coahuila metropolis.

War News Summarized

Violent fighting continues to mark the Austro-German attempts to penetrate the plain of Roumania south of Kronstadt and Hermannstadt and toward Bucharest. The stiff defense of the Roumanians is yielding slowly to the blows of Austro-German artillery and infantry about Predeal and Berlin announces further progress south of the border for them.

East of Predeal, however, the Roumanians advancing in the Buzeu Valley have driven the invaders back over the frontier in the region of Table Bulzi. They have also taken Mount Siriul and Taturumio along the Transylvania border southeast of Kronstandt. South of Hermannstadt in the region of Rothenthurm pass the Austro-Germans have extended their lines and captured an additional 35 prisoners. West of Rothenthurm, and in the Prahova valley the Roumanians are holding their ground.

On the eastern front fighting has taken place east of Kovel, in Volhynia and southeast of Lemberg, in Galicia. Berlin announces the repulse of several Russian attacks against the Austro-German position on the left bank of the Naruvka river, near Halicz, in Galicia, while Petrograd says the Russians have reoccupied part of their trenches on the west bank of the Stokhod in the region of Kiselin, in Volhynia. Near Lipnicadolna in Galicia, the Russians have pushed back the Austro-Germans in some places.

There have been no heavy actions on the Somme front. The French have made slight gains at Sailly and the British have taken a German trench east of Guedecourt. Fort Vaux, in the Verdun region, has been occupied by the French following its evacuation by the Germans.

Altho fighting continues at various points along the Macedonian front from Lake Presba to Lake Tahinos there has been little change in the general situation. British troops have taken Alitsa on the left bank of the Struma, from the Bulgarians.

ARMED SUBMARINE MAY CONVOY DEUTSCHLAND

Captain Koenig Makes Statement, Adding, "You Can't Tell What the Government Will Do."

New London, Conn., Nov. 3.—The German armed submarine U-57, sister ship of the U-53, which recently sank five vessels off the New England coast, is expected to act as a convoy for the undersea freighter Deutschland on her return trip to Germany, according to a statement tonight by Captain Paul Koenig.

The Deutschland skipper added: "I would not be surprised if the armored submarine apeared off the coast while I am in port. You can't tell what the government will do."

In answer to questions Captain Koenig said he probably would start his homeward dash within the next ten days. Officials of the Eastern Forwarding Company announced that the Deutschland's cargo was discharged at 2 o'clock this afternoon. Great care was exercised to prevent outsiders from seeing the work. Only the crews of the submersible and the North German Lloyd liner Willehad were allowed in the hold. They passed the freight out to negro stevedores, who stored it in the warehouses. Nothing has been made public concerning the Deutschland's manifest.

The citizens' committee which was arranged for a complimentary banquet to the Deutschland's crew next Wednesday announced that a gold watch, suitably inscribed, will be presented to Captain Koenig.

The U-57, it was reported, left Bremen on October 13, three days after the Deutschland sailed.

THWART PLOTS TO BLOW UP SUBWAY STATIONS

NEW YORK, Nov. 3.—Plots to dynamite two stations on the Interborough Rapid Transit company's subway system were thwarted, according to the police, by the arrest today of six men, several of them strikers, charged with bringing dynamite into the city and with causing the dynamite explosion which occurred in the 110th street station on October 24. A confession, which, detectives say they obtained from one of the men under arrest, sets forth that the station at Fifty-ninth street and Broadway was to have been blown up today and the station at City Hall later.

James A. Murna, a former subway guard, according to the police, assumed full responsibility for the project. He was said to have admitted he suggested the use of dynamite. He told the police, they said, he was so anxious to have the men win their strike he was willing to sacrifice his life if necessary.

BENSON ATTACKS THE HAY-CHAMBERLAIN BILL

KANSAS CITY, Mo., Nov. 3.—Allan L. Benson, Socialist candidate for president, continued his attack on the Hay-Chamberlain bill here tonight in an address before an audience that gave him a rousing ovation.

"For seventy days I have been trying to get President Wilson to make a public statement as to why he signed that bill," he said. "So far I have been unsuccessful. The letters were answered by a secretary in this fashion:

"'In reference to your letter I beg to say, as has been explained again and again, that the clause referred to in the so-called Hay-Chamberlain bill applied only to times of war.'

"The again and again qualities of the explanations have escaped my notice," declared the speaker.

HUGHES DELIVERS NINE CAMPAIGN ADDRESSES

G. O. P. Nominee Winds Up His 28,000 Mile Tour

Today, the Last of His Campaign, Will Be A Whirlwind Day of More Speaking in New York City—Tells Audiences He is Confident of Victory.

New York, Nov. 3—Charles E. Hughes wound up his 28,000 mile presidential campaign tour with sixteen strenuous hours of campaigning today down the Hudson river valley and in Brooklyn. The nominee delivered nine speeches, starting at 8:40 o'clock this morning and did not reach his hotel until after midnight tonight.

Tomorrow, the last day of his campaign, was to have been a day of rest with a rally at Madison Spuare Garden at night. Instead it will be a whirlwind day of more speaking in New York City. When the nominee arrived here tonight he found that the national committee had speeded up the campaign so that he will spend virtually the entire afternoon touring the city Five speeches are on his program. In almost every speech today and tonight the nominee told his audiences he was confident of victory next Tuesday. Here tonight he spoke chiefly of Americanism.

"Let me say to you," he told an audience in Brooklyn, the last he addressed tonight, "that if I am elected president as I expect to be——." He got no further for the moment. A man in the gallery yelled:

"You will **be.**"

The entire audience rose and roared its approval of the interruption, waving hundreds of American flags.

"If I am elected president," the nominee continued, "we shall have an American administration with exclusively American policies, without any deflection to serve any other interests. Supreme must be America's interests in the thoughts of the American people and supreme will be America's interests in an administration in my charge."

In his tour thru Brooklyn tonight, Mr. Hughes campaigned over ground familiar to him as a boy. The first meeting he addressed in the Green Point section with within three blocks of the Union Avenue Bapist church where nis father was once pastor. The streets thru which he passed were those on which he had played as a boy, he told the audience, and familiar faces were among those who heard him.

"I have had many a generous welcome and many a manifestation of enthusiasm on my long trip," he declared, "but best of all is the welcome home."

The second meeting of the evening was in the Brownsville section, a district which his advisers told him was strongly socialistic in its politics. Here the streets were choked and more than fifty policemen were necessary to get the nominees car to the entrance of the hall. At this mmeing Mr. Hughes reiterated his endorsement of the Republican platform plank declaring for a treaty with Russia that will recognize the right of expatriation. The audience cheered this more than any other utterance. The third address of the evening was at Kismet Hall.

"It has been my good fortune during the past few weeks to speak in many states," Mr. Hughes said, "and everywhere there has been this manifestation of a deep patriotic feeling of an intense interest in our vital concerns, but there is something about the generosity of this welcome in my native state which I had the good fortune to serve for years, that makes it more gratifying to me than any other welcome could possibly be.

"I hope and expect that next Tuesday we shall have a triumphant victory in both nation and state."

RUSSEL SAYS STATE WILL FACE DEFICIT

CHICAGO, Nov. 3.—State Treasurer Andrew Russel, in a statement issued tonight, declares the of nearly $3,000,000 in its finances July 1, 1917, and that the state tax rate will have to be raised to provide for the shortage. Mr. Russel's statement reads in part as follows:

"When the governor, state auditor and state treasurer meet next month, as required by law, to fix the tax rate, they will be required to add to the next state tax rate an amount sufficient to care for a deficiency of $2,853,532 and to create the working balance on the first of July, 1917, which is necessary to make the state solvent. It is obvious that this will necessarily be the largest tax rate ever imposed for state purposes in the history of Illinois."

WOMEN CAMPAIGNERS RETURN TO NEW YORK

New York, Nov. 3—Professing confidence in the election of Charles E. Hughes, the women campaigners who have made speeches across the continent and back in his behalf returned to New York tonight in their special train after having traveled 11,700 miles and having addressed 191 meetings in 28 states. From their train they went to a Republican rally here where they appeared with Colonel Roosevelt.

COMMISSION HOLDS HEARING

Springfield, Ill., Nov. 3—Hearing on a motion of Illinois railroads to vacate an order of the Illinois Public Utilities commission apportioning grain cars, was held here today by the commission. The order was issued in an effort to relieve serious car shortage in this state. The railroads contend they are unable to apportion cars in accordance with the ruling.

OFFICERS ASSERT PETERSON CONFESSES

Man Charged With Operating Confidence Game Is In Hands of Federal Authorities In Springfield.

Springfield, Ill., Nov. 3.—Harrison Peterson, alias Harry Daniels, colored, is in the hands of federal authorities here and has, it is said, confessed to having operated a confidence game at Cincinnati, Ohio, Jacksonville, Fla., and other cities which has netted him thousands of dollars. He was arrested at Peoria, Ill.

Peterson, who is 28 years old, represented himself thru the mails to be a representative of the McDaniels Apron Company. He promoted thru advertising a scheme whereby women were suposed to be able to make from $8 to $10 a month extra money by sending him $10 for materials and paterns with which to make aprons.

Postoffice authorities at Jacksonville, Fla., where Peterson last worked, informed authorities here that there are 1,500 letters at Jacksonville for Peterson containing money. He will be returned to Florida.

PROHIBITIONISTS HIT OLD HOME TRAILS AGAIN

FORT WAYNE, Ind., Nov. 3.—Old home trails were hit again today by J. Frank Hanly the Prohibition presidential candidate when the dry party special train came back to Indiana after visiting thirty four states and traveling almost 20,000 miles since September 8th. Hanly insisted Fairbanks, aided in packing the Republican national convention with liquor men so his party would appeal to the "liberal vote."

Ira Landrith the dry vice-presidential candidate, would, if elected, he said, lift the office to which he aspired, from its present "pitifully low estate to the proud position the fathers intended it should occupy."

Unusual optimism over the drys' prospects marked Hanly's speeches.

SAYS WIDOW MUST CONTINUE TO YEARN

CHICAGO, Nov. 3.—Col. Milton Foreman of the First Cavalry, Illinois National Guard, who calls himself the "Official Cupid of the Regiment," has declared himself on the question of matrimony as applied to Colonel Foreman.

"I get dozens of letters from young women," said the colonel yesterday, "asking for a chance to marry some bright young trooper. Today I received a personal note from a woman who declares she is a young widow, of good looks and very lonely. She claims to yearn for me. I am afraid she will have to continue to yearn."

MUST LEARN TO COOK TO GET INHERITANCE

NEW YORK, Nov. 3.—The will of Mrs. Marie Zinsser, filed here for probate, leaves $10,000 to each of three granddaughters on condition that she can cook an acceptable meal before her twenty-first birthday. If any of the girls fail her share reverts to the residuary estate which is left to three sons.

The three presumptive heirs are daughters of Dr. Hans Zinsser of Columbia University.

They are Miss Helen Zinsser of Bryn Mawr college, Miss Peggy Zinsser of Smith College and nine year old Margaret Zinsser of New York. A fourth sister, Miss Ellen Zinsser received $10,000 last year after she had met a similar test.

PREDICTS INCREASE IN HARD COAL PRICE

CHICAGO, Nov. 3.—Hard coal at from $12 to $15 a ton by January 1 is the prediction of Andrew T. Murphy, editor of the Black Diamond, and coal market authority.

"The anthracite coal stock will be disposed of by January 1, he said today. "Hard coal is going out of the hands of Chicago dealers twice as fast as it is coming in. A cold flurry will send prices to a spot which will mean that consumers will use soft coal."

Mr. Murphy said the European war was the indirect cause of the coal market situation.

GERMAN ANSWER TO U. S. WILL BE DELAYED

BERLIN, Nov. 2—via London, Nov. 3—Secretary Joseph C. Grew of the American embassy, who is acting as charge d'affaires in the absence of Ambassador Gerard was instructed today to ask the German government for information in regard to the sinking of the British Steamer Rowanmore off Cape Clear, Oct. 28th. The foreign office has also received inuiries concerning the sinking of the British Steamship Marina.

The answer of the German government will be delayed as the submarine, which possibly is involved is not expected to return from the region of Cape Clear for several days.

REFUGEES BRING FIRST DETAILS OF FIGHTING

CHIHUAHUA CITY, Mex., Nov. 3.—Via El Paso Junction.—Refugees arriving here from Santa Rosalia have brought the first details of the fighting which occurred there on October 26, when Villa's bandits captured the town from the Carranza troops. These refugees said the Villa troops were in command of General Uribe. The garrison of about 250 men under General Lopez Oritz, were outnumbered at least 3 to 1 and were forced to evacuate the town after losing a large number of their men, according to the refugees. After the evacuation of the Carranza garrison the Villa troops looted the town, the refugees reported, and committed many atrocities.

URGES FORMAL HEARING ON CAR SHORTAGE

M'Chord Sends Recommendations To Commission

Expects Reply Today—Superintendent of Transportation of Burlington Road Testifies at Informal Hearing at Louisville.

Louisville, Ky., Nov. 3—As a result of developments today in the informal hearing here on the alleged car shortage on the railroads of the country, C. C. McChord, member of the interstate commerce commission, who is presiding announced tonight that he had telegraphed to the commission at Washington recommending that an order for a formal hearing be entered immediately. The formal hearing, if ordered, he said will be merged with the present informal inquiry. A reply to his recommendations Mr. McChord said, is expected tomorrow.

The testimony given under oath at today's informal inquiry, will be introduced at the proposed formal hearing, it is understood, and so made a basis for action by the interstate commerce commission.

Barnes Testifies at Hearing

The apparent shortage of cars upon the railroads was declared due to lack of efficiency in distribution according to W. L. Barnes, superintendent of transportation of the Chicago, Burlington & Quincy railroad here today in an informal hearing onthe alleged shortage of cars, being held by C. C. McChord, member of the interstate commerce commission. It was brought out that railroads of the United States now own approximaely 2,600,000 cars and that the apparent total shortage on all lines is only about 60,000. Mr. Barnes said much of this apparent shortage resulting from other causes, he said, could be met by a more efficient distribution of the car supply.

Mr. Barnes in response to questions as to why Chicago, Burlington & Quincy had failed to return cars owned by other roads, declared that system had been forced in self-defense to hold foreign cars and would continue to do so until some assurance was provided that their own equipment would be returned.

File New Demurrage Tariffs

Washington, Nov. 3—Virtually all the railroads in the country have filed tariffs setting aside the present flat rate of one dollar a day demurrage charge on cars and substituting a graduated scale of demurrage. This new demurrage scale effective Dec. 1st, will permit the railroads, after the 48 hour period to charge two dollars the first day, three dollars for the second day, four dollars the third day and five dollars for the fourth day an each subsequent day. Each penalization is expected to give more prompt releases of equipment thruout the country, materially relieving the serious car shortage problem.

Several complaints already have been filed by shippers alleging that it is too drastic.

TELLS OF EUROPEAN CREDIT SITUATION

Henry P. Davison Addresses Bankers of Middlewest and Chicago at a Dinner.

Chicago, Nov. 3.—Henry P. Davison of J. P. Morgan & Co., New York told bankers of Chicago and the middlewest tonight what he had learned of the credit situation in Europe on his recent trip there and its effect on financial affairs in this country. Mr. Davison and Charles E. Sabin, president of the Guaranty Trust company of New York were guests of George M. Reynolds, president of the Continental & Commercial National Bank, at a dinner also attended by a score of the leading bankers of the middlewest.

While the meeting was confidential it was known one thing discussed was the necessity of a liberal policy of extending credit to the European countries buying American products. The suggestion of a greater use of acceptances in extension of credits also was discussed.

Earlier in the day, Mr. Davison emphasized his faith in the solvency of Great Britain and France. He denied a published report that a demand would be made by the entente allies that Americans accept unsecured loans or face the demonetization of gold.

"After the war is over, Europe will buy where it can buy best," he said. "Not only in the matter of prices but in the matter of credit. To our share of the business, we must extend the credit."

THOUSANDS ATTEND FUNERAL OF RECRUIT

PIRAEUS, Greece, via Athens, Wednesday, Nov. 1.—To London, Nov. 3.—Delayed—Four thousand workmen followed to the cemetery today the body of one of the men who perished when the Greek Steamer Angheliki with 350 recruits for the Greek volunteer movement on board, was sunk recently near Piraeus by a German submarine.

The funeral was held by the labor unions. The entire allied diplomatic corps sent a wreath for the casket and the French Admiral du Fornet and the allied military attaches attended the services in full uniform. Warships in the harbor halfmasted their flags during the funeral. Arrangements for the ceremony were supervised by French naval and secret police officers.

PAPER ADVANCE PROBE PRACTICALLY COMPLETE

Trade Commission Will Conduct Public Hearings

Report Will Be Issued At Conclusion of Hearings—Find Cost of Producing Paper Below Average Cost In the Past Three Years.

Washington, Nov. 3.—In a statement tonight announcing virtual completion of its investigation of news print paper prices, the federal trade commission declares that during the first half of this year, when prices already were soaring to unprecedented figures, the average cost of producing news print paper in domestic mills was less than $1.65 per hundred pounds, or below the average cost in the past three years.

Will Conduct Hearings.

The commission announces that before issuing its report public hearings will be conducted and manufacturers, publishers and others interested given an opportunity to appear. No date is set for the hearings, but the report is said to be ready to send to the press in the near future. Certain facts developed by the inquiry are made public now because most of the publishers' contracts for paper are about to expire. Contract prices rose this year from less than $2 per hundred to $3 and $3.50 and on current market purchases the publishers have paid $7 or more for paper bought in the same way prior to January 1st, for between $2 and $3.

The statement in part follows:

"The investigation of the advance in prices of news print paper which was undertaken by the federal trade commission by direction of the senate has been practically completed and the report will be ready to send to press in the near future. Considering the large mass of data involved the work has been done in an unusually short time.

"This is about the time when negotiations for the renewal of a large number of contracts between newspaper publishers and news print paper manufacturers usually take place. The Commission has, therefore decided to make public immediately certain fundamental facts which have been established by the investigation.

"Before the report is issued the news print manufacturers, newspaper publishers and other parties interested will be given opportunity to appear before the commission at a public hearing.

"The price advance in news print paper which occasioned this investigation began early in 1916 and has continued down to the present. Most news print paper, probably about 90 per cent, is sold on contract for periods of a year or more. Before the price advance began, contract prices for news print were generally less than $2.00 per hundred pounds f. o. b. mill. During the first half of 1916 contract prices for large quantities in some instances went as high as $3 per hundred pounds and since July 1, 1916, have run as high as $3.50. Most of the contracts now in operation will expire within three or four months.

"On current market purchases newspaper publishers have been paying manufacturers and jobbers very much higher prices. Before January, 1916, current market prices ranged generally between $2 and $3 per hundred pounds, delivered, depending on quantity, freight and other circumstances; but since that time they have gone up as high as $6 or $7 per hundred pounds for a considerable volume of business and even higher in exceptionable instances.

"The average price received by domestic manufacturers of news print paper did not advance in anything like the degree that current market prices advanced, because most of the paper was sold under contracts previously made. On the average the actual net receipts of domestic manufacturers for news print paper were less than $2 per hundred pounds during the first half of 1916.

"The average cost of manufacture of news print paper in domestic mills was less than $33 per ton or $1.65 per hundred pounds during the first half of 1916 as shown both by the manufacturers' own cost sheets and by the costs as revised by the accountant of the commission. Furthermore these average costs were slightly lower than the average costs in any year from 1913 to 1915.

"Tho the average cost declined in the first half of 1916, the market prices of some of the materials of manufacture advanced and were unusually high.

"It should be noted that the most important materials which advanced in price, sulphite and ground wood were produced by most of the paper manufacturers without an increase in cost and not bought at market prices, while some other manufacturers were protected against the increase in prices by contracts."

A government report not long ago told how a good quality of flour might be made from potatoes. The suggestion would be valuable possibly some years but not in 1916, with potatoes selling at $2.25 or more per bushel and prospects of a still further increase.

The Literary Digest is a great non-partisan weekly. That paper has just concluded a straw vote on the presidential situation in New York, New Jersey, Ohio, Indiana and Illinois. Out of 30,000 replies received from subscribers 17,938 were for Hughes and 10,646 for Wilson. Enough said.

The National Republican committee reminds voters that the only votes which count are those which get into the ballot box and the only way to put them there is to go to the polls election day. The committee's slogan is for every Republican to get to the polls, get there early and vote the straight ticket.

"Friends of President Wilson say" writes Bruce Barton, one of the President's champions, "that the thing that troubles him most is the oppressive consciousness that he is every day deciding in an instant, matters that really deserve the consideration of a week." Exactly, and how long would the President last as the head of a business house if he persisted in "deciding in an instant, matters that really deserve the consideration of a week?"

For Coroner

Charles A. Rose, Republican candidate for coroner, was not born in Morgan county but he has been a resident of Jacksonville for more than twenty years. During that time Mr. Rose has never held public office but as a business man and a citizen his life has been an open book and his integrity is of the highest kind.

The office of coroner should be held by a man who is actuated by an earnest desire to attend to the business of the public in an honest and conscientious way. Mr. Rose can meet these requirements and in every way well fitted for the position he is seeking.

Big Figures

Financiers, bankers and statisticians are interested in the announcement of the federal reserve board that obligations of foreign governments, bankers and merchants now held in the United States reach the enormous sum of $1,931,000,000. These figures to the average citizen mean very little. Equally unimportant to him are the figures showing the great increase in the per capita wealth of the country. For the average citizen is still engaged in the struggle of trying to make ends meet and in some way to survive until prices get back to normal levels.

Wilson's Methods Do Not Please Soldiers

To offset the "He has kept us out of war" talk thousands of Chicagoans today will march in parade under the banner "We are not too proud to fight." Included in the company of marchers will be thousands of Civil war veterans who will form the most notable unit of the parade. President Wilson's manner of settling insults from, and depredations by, other nations does not set well with he boys of '61 who fought thru the years to preserve the honor of the flag.

Mrs. Frank Funk Strong for Hughes

Mrs. Frank Funk, wife of the former Progressive gubernatorial candidate, has been embarrassed somewhat because her name has been confused with that of Mrs. Antoinette Funk, who a few weeks ago changed from Republicanism to the advocacy of President Wilson. In order to make her own position clear Mrs. Funk has issued this statement: "Charles Evans Hughes is my candidate for president of the United States because he believes in America first, last and all the time. He represents the highest type of public servant in efficiency, honesty, straightforward thinking, fairmindedness and decision, while his private life is ideal and above reproach."

Whatever glory and cheer came to Democracy when Henry Vollmer, formerly president of the German-American alliance, issued a statement supporting Wilson for president has disappeared. The German-American alliance in a published statement disowns Mr. Vollmer and declares that his statements represent only his own opinions and not those of the organization.

Why Negroes Leave the South

Federal negro investigators representing the department of immigration have been visiting a great many cities in the country in an endeavor to find the cause of the influx of negroes from the south to the northern states. The inquiry, coming just at this time has led to the question in some quarters as to whether or not there might be political significance in the investigation but the investigators claim that they are looking for facts only from an industrial standpoint, as many planters and factory managers in the south have been greatly embarrassed because of the loss of labor. Without any great investigation it looks like the facts will show the negroes are leaving the southern states because they get better wages and better treatment in the north.

Block Ford's Plans

Some of Henry Ford's associates in the Ford Automobile company do not have full confidence in his business judgment or are in need of funds. At any rate, Dodge Bros., who have large holdings in the company, have applied to the court to restrain Mr. Ford from using the assets of the company to extend the business as he has planned. The stockholders have been enjoying the neat little dividend of 5 per cent per month and there is a surplus of many millions which Mr. Ford proposed to spend for extensions.

The stockholders who have brought the suit regard business conditions, while very prosperous, as very unstable and not warranting any vast expenditure of money in extensions. They evidently do not agree with Mr. Ford's pacifist or business theories.

Endorsed by Dry Forces

Thomas E. Lyon of Springfield, one of the Republican nominees for member of the legislature, has served several terms. The fact that he was re-nominated this year is such a spirited contest is evidence of the confidence reposed in him by voters in both Sangamon and Morgan counties. Mr. Lyon is an attorney, a man of excellent character and ability and unquestionably has an earnest desire to be of value to the people he represents in this district. Mr. Lyon has always been an active friend of dry measures in the general assembly and in the present election has the endorsement and active support of the anti-saloon league.

Hughes is Reliable

(New York Herald)

There is nothing in the record of Charles E. Hughes to arouse suspicion that in grave crises in our national and international affairs he would "shake his fist first and his finger afterward." There is nothing in his career to suggest the impotence that has been the one distinguishing characteristic of the mishandling of Mexico during the last three years. By no stretch of the imagination can it be conceived that he would be at any time "too proud to fight" for the right and for American rights.

Germany's Waste of Strength

(Philadelphia Ledger)

Berlin hails the victory of Mackensen in Roumania as of more importance than all the allies' gains on the Somme. But it will be hard for neutrals to see why, if the allies were confident of winning without Roumania's help, they should be greatly disturbed if the whole country were conquered by the Germans. The Germans never realized how many men would have to be withheld from the front to keep Belgium in subjection. A large army is wasted keeping open communications thru that hostile kingdom. The same situation would face them in a conquered Roumania. Every town would have to be garrisoned, every railroad heavily guarded. Another army would be wasted on police work and still another required to keep out the Russian invaders.

Fred B. Henderson, who is seeking the Republican nomination for circuit clerk, is in every way worthy of the support of the voters of this county. All his life Mr. Henderson has been a resident here and his conduct has always been such as to entitle him to the confidence and esteem of those who know him intimately. He is a farmer and for years has followed that occupation on the old Henderson farm in the Arcadia neighborhood. In addition he is engaged in mercantile business and his experiences as road district clerk, notary public, public administrator, and other positions of public character have given him knowledge of county and court business methods.

Mr. Henderson is of a most accommodating and obliging type and if he becomes circuit clerk every person, no matter to what party he belongs, will be certain of the most courteous attention when he has business in the office of the recorder or clerk.

Democratic Extravagance

The statement issued by State Treasurer Andrew Russel in Chicago yesterday shows that the next state administration, because of Democraic extravagance, will face a treasury deficiency of more than $2,800,000. A very high state tax rate is therefore an absolute certainty. These figures are especially significant when it is remembered how expensive to the taxpayers of the state the present Democratic adminisration has been.

The Democraic campaign in 1912 consisted mainly of attacking the Republican party for its extravagance. After that campaign Governor Dunne and his associates so conducted the affairs of the state that the taxpayers of Morgan county were required to pay an average state tax of $47,730.13 a year more than under the last three years of Governor Deneen's administration. Under the Deneen administration Morgan county residents paid $177,518.30 state taxes during the last three years and during the three years under Governor Dunne they paid $311,709.71. Think it over and if you sincerely advocate economy and efficiency in state government do not vote for the continuation of the Democratic party in power.

THE SOLDIERS' MONUMENT

The call of the sixties rang out on the air,
And the springing to action was seen everywhere.
The men of old Morgan caught the thrill and the hum,
And paused in their working at the roll of the drum.
When sounded the bugle that called to the wars,
They joined the "blue army" to help save the stars.

But no monument's standing to speak for the brave,
Who left their dear homesides for a far southern grave;
Or to tell of the trenches, uncoffined, unknown,
Where many are lying, unnamed, without stone.
No monument's telling of the prisons and pens,
Of the starving and dying by the hundreds and tens.

Or to tell of the cripples, the boys who returned
To live 'neath the colors their valor had earned.
You all know the story, for you've oft seen the few
Who gather in Maytime a wearing the blue,
So proudly uplifting that banner on high
For which true Americans gladly would die.

That banner of glory that's waving above,
Whose colors are blending in infinite love,
The boys of our country bore aloft to the war,
To help our dear union to save every star.
Old Morgan remembers but never as yet
Has she raised up a stone lest we should forget.

But now she's awaking for the voice of a son
Unto her has been calling of a duty undone.
And a monument worthy, to the brave lads who gave
Their all to the country they went forth to save.
Shall Morgan in memory, in some treasured spot
Uprear to the soldiers she never forgot.

—S. Adrian Hughes.

OWEN WISTER SUMS UP WILSON'S ADMINISTRATION

Writing under the caption of "If We Elect Mr. Wilson" in the current issue of Collier's Owen Wister has an article which brings out the weaknesses of the present administration in a most notable way. Summing his arraignment which is vivid and pointed without being bitter this famous author and publicist says:

"How does President Wilson manage to hypnotize Americans with smooth sentences? Why do his words blind so many to the facts? You might as well search for the figure in a rag carpet as look for coherent purpose in Mr. Wilson's policy. He has been spoken of as mysterious. But is he?

"To be false to your friends is not mysterious. To be so afraid of the man on the other side of the hill that you forget he may be just as afraid of you, is not mysterious. To be against preparedness one day and head a preparedness parade another day, or to pass a democratic tariff bill one day and to favor a protective tariff bill another day—none of this is mysterious. It shows you want to be elected again, somehow or anyhow. It merely seems that Mr. Wilson remembers you can fool some of the people all of the time, and that he has decided there are enough of these to elect him.

Do We Approve?

"The Gettysburg incident throws a light on Mr. Wilson, too. In 1913, when the fiftieth anniversary of that battle was to be celebrated, we read in the papers that Mr. Wilson could n't be there on account of press of business. Some of us remembered that press of business had not prevented Lincoln in 1863 from getting there and saying a few words. Suddenly we learned Mr. Wilson was to go, after all. Had press of business let up, or had somebody told Mr. Wilson that the American people had a feeling about Gettysburg and he must go?

"Well, if we do reelect him, that means we approve of him; that we ratify and stand behind his actions; that we like a president who—

1. Watchfully waited for months while defenseless Americans in Mexico lost their homes, their wives and children, and their lives.

2. Refused to small stricken Belgium that word that Monroe gave to small stricken Greece.

3. Turned walking delegate thru fear and for the votes of four labor unions sold the principle of arbitration and the Government of the United States.

4. Filled the American eagle so full of white feathers that the bird cannot tell himself from a gander.

5. By writing notes and eating his words brought the Stars and Stripes to dishonor in the eyes of the whole world."

George H. Wilson of Quincy, prominent member of the Illinois general assembly, will make an address at the court house tonight. He comes under the auspices of the Republican Morgan County Woman's Organization.

RIDGLEY ENCAMPMENT OPENS CAMPAIGN.

Ridgley Encampment No. 9, I. O. O. F., opened the fall campaign for membership at the meeting Friday evening. A large number of members were present with several visiting brothers. The Patriarchial degree was conferred upon F. K. Mulligan, the first of a class of candidates, which it is expected will furnish work every meeting night during the winter months.

Carl H. Weber was elected representative to the grand encampment, which will convene in Springefild the latter part of the month. F. H. Clarke was selected captain of the degree staff.

The encampment voted recommendation of the Glacklin law and work of the Morgan county Anti-Tuberculosis league and urged all members to vote for the county sanitorium.

Refreshments were served by a committee, consisting of C. C. Carter, Arthur Reeve and Robert H. Reid.

PROMPT PAY

A man runs up a little bill, and when it's due he pays it; he coughs up for the merchant's till and no excuse delays it. Unlike the deadbeats and the bums, he makes a proper showing; the merchants bless him when he comes and praise him when he's going. This man, in season, meets reverse, as all men strike disaster; and then, when empty in his purse, and hard luck is his master, the dealers say, "Buy all you wish, until your luck grows stable; we'll gladly trust a man, oddsfish, who pays up when he's able." Another man runs up a bill, he keeps it climbing steady; when asked to pay, he says, "I will, when I get good and ready." Tho he has roubles in his belt, and other roubles handy, he'd rather lose his freckled pelt than pay up like a dandy. And when misfortune dogs his feet, and want has badly frayed him, and he has but his hat to eat, the merchants will not aid him. If you are building in your town a bad pay reputation, some day that rep will knock you down, and hurt like all creation.

From Dr. Carson's Patients

Some years ago, had a severe illness and was operated on at the hospital for so-called gallstones. The decision was made then that I had no gall stones and they sewed me up in a hurry and sent me home to die, saying I had eleven cancers on the liver. I was advised to consult Dr. C. W. Carson, the Chicago Specialist, who after a thorough course of his treatment discharged me as well. I have worked hard every day for the last four years and can say am better than most men of my age. Feeling so grateful for what he has done for me, I would like to be the means of helping others to get well.

Walter Schuman, Beardstown, Ill.

I called on Dr. C. W. Carson eight years ago to consult him in regard to my condition, as at that time I was suffering a great deal of pain and was scarcely able to get around. Other doctors had failed to give me any relief. I took Dr. Carson's advice, and for a good many years have been so well that I feel it my duty to add my testimonial to many others of his grateful patients.

Mrs. Sarah A. Brower, Havana, Ill.

I treated with Dr. C. W. Carson some years ago for stomach and nerve troubles and can recommend him to others who are affected that way. I feel as though I could not have lived longer if it had not been for his treatment, as other doctors could not give me much relief.

Mrs. Anna Langdoc, Onarga Ill.

Having been troubled with nerve and heart trouble, so that for the last few years I was unable to work steadily or with any comfort and not getting relief, I consulted Dr. C. W. Carson, the Chicago Specialist. He said if I would follow his course of instructions and treatment, I would feel like a different person. I am happy to say that I am now feeling better than for years. Have no discomfort whatever and gladly recommend Dr. Carson to anyone.

C. L. Peck, R. F. D. 1, Viola, Ill.

For a great number of years I was troubled with stomach and bowel trouble so much and so badly was unable to eat and often to do the ordinary housework. My system had become so poisoned that one of our local doctors said that a few drops of my blood injected into a rabbit would kill it. I consulted Dr. Carson, the Chicago Specialist, and after taking one year's treatment from him can say my stomach is in better condition than it has been for 20 years. Will be glad to answer any inquiries addressed to me. Mrs. Thos. Sloane, Lewiston, Ill.

SOCIAL EVENTS

Grace Chapel Willing Workers

W. W. society of Grace Chapel met at the home of Mrs. Golden Braner Thursday afternoon for regular monthly meeting. A majority of the members were present, and also several guests.

The following was the program: Song, "Brighten the Corner Where You Are."

Scripture Lesson by Mrs. Laura Allan.

Prayer by Mrs. Ella Wiswell, Pearl Smith and Nellie Braner.

Reading by Mrs. Bessie Braner.

Instrumental solo by Mrs. Golden Braner.

Vocal Duet—Mises Alma and Edna Ogle.

Business session followed immediately and two new members, Mrs. Margaret Dinwiddie and Maude Vorhees were added to the list.

In the contests following Mrs. Mary Dinwiddie and Miss Alma Ogle were awarded prizes.

A delightful luncheon was then served consisting of oysters with all the trimmings.

Misses Lukeman Entertain At Hallowe'en Party.

The Misses Lukeman entertained the W. R. C. class of Union Baptist church at their home Friday evening at a Hallowe'en party. When the guests arrived at the Lukeman home they were met at the front porch by a ghost who directed them around to the outside cellar door. Here they were met by another ghost who had a box into which each guest had to deposia a penny . Guests met ghosts at the foot of the cellar stairs and the foot and head of the cellar stairs leading to the dining room and at the foot and head of the stairs in the house. Each ghost had a penny box and exacted a toll of one penny from each guest. When the guests laid aside their wraps and descended the stairs those not in costume were fined ten cents. There also was a fortune teller and several contests. Refreshments in keeping with the Hallowe'en season were served and the penny box was again in evidence. The occasion proved a most pleasant one for the guests who numbered about forty.

Ladies of Berea Church Entertained

Members of the Ladies' Aid society of Berea church were entertained Thursday at the home of Mrs. Samuel Farmer, three miles south of Prentice. Mrs. Farmer was assisted by her daughter, Mrs. George Flinn. There were thirty eight guests present and the sum of $12 was realized. The day was perfect from a weather standpoint and the attendance was unusually large. At noon a bountiful dinner was served and the day as a whole was a very enjoyable and profitable one. Among those present from Jacksonville were Mr. and Mrs. George Dewees, Mrs. Smith and Mrs. Felix Simms.

Mrs. McElfresh Hostess to Centenary W. F. M. S.

The regular meeting of the Woman's Foreign Missionary Society of Centenary M. E. church was held Friday afternoon at the home of Mrs. William McElfresh on Hardin avenue. The Scripture reading was given by Mrs. Alexander and Mrs. McElfresh led in prayer. A short business session followed, after which the program for the afternoon was taken up. The theme for study was "The Christian Conquest of Europe," the second chapter in the textbook, "World Missions and World Peace." Miss Della Dimmitt reviewed the chapter in a very efficient manner, speaking of the causes which led to separation of the Greek Catholic church from the Roman Catholic church. Miss Lillian Graves then read a very interesting sketch of Mohammed and the founding of the Mohammedan religion, with its remarkable growth and spread over Arabia, Persia, Turkey and India.

A leaflet entitled, "A Chinese Polyanna" was then read by Mrs. Blair and Mrs. Naylor gave a partial report of the district meeting recently held at Carrollton. At the close of the program the hostess and Mrs. Blair served delicious ice cream and cake and the afternoon was closed with a pleasant social hour.

Miss Rowe Pleases In Faculty Recital.

An appreciative audience gathered in music hall at Illinois Woman's college Thursday evening for the expression recital of Miss Millicent Rowe. Miss Rowe's old friends who knew her as a student at the college several years ago and enjoyed her work last year, upon her return from Boston, where for two years she studied in the Leland Powers school, were especially glad to extend their welcome. She is now a member of the faculty and instructor in the department of expression. The program was delightfully varied, including selections from modern poets, a romantic drama and three scenes illustrating Miss Rowe's sympathetic interpretation of Shakespearian heroines.

FUNERALS

Merrill.

A large number of friends gathered at the residence of James S. Merrill Friday afternoon to attend the funeral of his father, B. H. Merrill. The services were in charge of Dr. R. O. Post, pastor of Congregational church. Dr. Post paid tribute to the deceased as a man of deep convictions and earnest purposes. Miss Mabel Matthews sang two solos, "Beautiful Isle of Somewhere" and "Sometime We'll Understand." The flowers were cared for by Miss Alice Green and Mrs. Anton Graef. Interment was in Diamond Grove cemetery, the bearers being W. R. Moody, A. C. Rice, Joseph Kumle, Anton Graef, R. P. Joy and J. P. Lippincott.

Headington.

The burial of the Rev. Joel F. Headington was made Friday afternoon at 2:30 o'clock at Antioch cemetery, the Rev. M. L. Pontius officiating at the grave. The body arrived from Mexico Friday at noon and was taken to the Gillham undertaking establishment to await the time of starting for the cemetery. Relatives accompanying the body were Mr. and Mrs. J. W. Gregory, Mr. and Mrs. George Gregory and John Gregory, Mexico, Mo., and Mrs. Utie McCall of Fulton, Mo. As a part of the burial service Mrs. J. Wallace Brockman and Miss Cora Graham sang "In the Sweet Bye-and-Bye." The bearers were J. W. Gregory, John Gregory, J. T. Osborne, D. W. Osborne, C. A. Osborne and Clarence Rataichak. The trip to Antioch was made by automobile.

Lippert

The funeral of Herman Lippert, Sr., was held Friday afternoon at 1 o'clock at the Presbyterian church in Arenzville, in charge of the Rev Henry Schutze, of Springfield, assisted by the Rev. W. P. Bowman. The flowers were cared for by Miss Irene Lippert and Miss Flossie Lippert, granddaughters of the deceased. The singers were W. B. Wood Harry Weaver, Mrs. Ed Shrewsbury Mrs. J. M. A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery.

Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

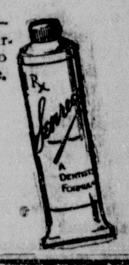

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

PREPAREDNESS!

Preparedness from a military standpoint as it regards the welfare of a nation would not be worth an effort, IF GOOD HEALTH WERE NOT A PLEDGE IN ITS PERFORMANCE. GOOD HEALTH IS THE FUNDAMENTAL PREPAREDNESS FOR ALL HUMAN EFFORT; whether directed in the defense of a country, or applied in the pursuit of peaceful avocations. We can accomplish little indeed without health. The best way to keep health, is not to lose it. S.S.S. IS THE NATIONAL MEDICINAL PREPAREDNESS AGAINST ITS LOSS. S.S.S will rout these outlaws against your health, from the trenches of your blood, and leave you victorious against their invasion. If a druggist should offer you a substitute for S.S.S. do NOT accept it. There is nothing made that in any way compares with it. WRITE TO-DAY FOR FREE BOOKS ON BLOOD AND SKIN DISEASES. GEORGE H. WILSON WILL MAKE ADDRESS TONIGHT

Court House Mass Meeting Arranged by Republican Women's County Organization.

Hon. George H. Wilson will make an address at the court house tonight, coming here under the auspices of the Republican Morgan county woman's organization. Mr. Wilson has for years been a prominent member of the Illinois general assembly and has been closely identified in the work of securing various desirable measures now on the statute books of the state. He made a splendid showing in his campaign for the nomination as attorney general but was defeated. That fact does not diminish his interest in the ticket and he is giivng all possiole aid.

Mr. Wilson will discuss general political issues tonight and make some explanation of the Glacklin law. His close connection with state affairs and his knowledge of national issues makes certain that his address tonight will be well worth hearing.

MORTUARY

Connolly

Mrs. Mary Connolly, old and respected settler of Murrayville passed to her reward at 11 o'clock Friday morning, aged 88 years.

Mary E. Dolan, daughter of Francis and Catherine Dolan was born in County Galway, Ireland, in 1828 She came to the United States in 1846 settling first a Philadelphia where she remained for hree years. Having an older brother in Illinois she decided to visit him. She liked the country so well that she remained here. She was united in marriage in 1865 to Michael Connolly. To this union seven children were born, Mrs. Caherine Still, Martin, John and Mary together with her husband preceded her in death. She is survived by Frank Conolly of aBth, Daniel Connolly of Peoria and Mrs. Annie Still of Murrayville, with whom she has made her home since the death of her husband.

Mrs. Connolly was a devout member of the Catholic church. Many times during the years she braved the storms and cold in order to be present at Holy Mass. Age did not keep her away for she seemed to feel that wit hadvancing years she stood more than ever in need of the Holy church.

Funeral services will be held from St. Bartholomew church Sunday morning at 11 o'clock in charge of the Rev. Father Flynn with burial in Calvary cemetery.

George H. Wilson, member of the general assembly, will discuss political issues at the court house tonight. Men and women of Jacksonville should not fail to hear this address.

BASKETBALL SCHEDULE ANNOUNCED AT ROUTT

Practice Has Begun at Liberty Hall and Prospects Indicate Two Good Teams—Fifteen Men Out.

With fifteen out for practice at Liberty hall the first week and four old players in the game, Routt college faces the basketball season with good chance for a large percentage of games won. The four men mentioned have played good basketball together and Thursday and Friday, the first two days of practice, showed themselves still to be in good form. With Wolfe at center, Froelich, the captain, at forward or guard, Walsh at forward and Kennedy, Cain or Leary at guard's position, Routt has the beginning of a very strong team. This lineup is but tentative and Prof. James F. Conlin, the coach, is planning to give all a thoro work out by the opening of the season next month.

Routt college this year hopes to maintain two teams thruout the season. With a good college team well assured, a high school team is in close prospect. The college team schedule has been completed and Coach Conlin has indicated that a schedule for the high school team will soon be outlined.

Following is the schedule, with two games additional to be supplied:

Dec. 1—Jerseyville High at Routt.

Dec. 8—Jerseyville H. S. at Jerseyville.

Dec. 15—Spalding Institute at Peoria.

Jan. 5—Lincoln College at Lincoln.

Jan. 19—Lincoln College at Routt.

Feb. 9—Spalding at Routt college.

The other two or perhaps four, games will be played from among Shurtleff college, Springfield High school, Mason City High, Blackubrn college or Carthage college.

Miss Alta Jane Adkisson of Roseville is in the city for a visit with her uncle, Orville Adkisson and family, 849 Grove street.

WESLEYAN NO MATCH FOR BLUE AND WHITE

After Going Scoreless For Almost Three Quarters Illinois Takes Spurt and Score Four Touchdowns —Score, 26 to 0.

(By Fred Blum.)

Coach Harmon decided not to start his star quarter, Wilson, saving him for the Millikin game. Pierce ran the team in fine style.

After going scoreless for almost three-fourths of the game the Illinois gridiron warriors finally came into their own and so completely surprised Wesleyan in the next fifteen minutes of play that before the smoke had cleared the Blue and White boys had piled up a net total of twenty-six points and were once more playing like real champions.

The weather, despite the swift high wind that prevailed thruout the contest, was the best football weather the team has experienced thus far this year.

Excellent defensive work was done by Zink and Conklin and after Thiebaud took Strickler's place as guard Illinois' line braced and held Wesleyan at all points. Barnes, who took Helmle's place at half, did excellent work in carrying the ball and also made a forward pass to Frisbie that resulted in a touchdown. Pierce, Jones, Spink, Frisbie and Rendleman also did good offensive work for Illinois.

Illnois won the toss and chose to defend the south goal. Wesleyan kicked to Illinois, who by successive line plunges by Spink and end runs by Pierce and Helmle, returned the ball to the Wesleyan fifteen-yard line. At this juncture Wesleyan intercepted a forward pass, but failed to gain. They punted to Pierce. After the first down, which failed to net a gain, Illinois was penalized fifteen yards for holding. Two downs failed to materialize and Conklin tried a place kick, but failed. Wesleyan's ball on the twenty-yard line. Wesleyan made first down, after which Illinois tightened up and held. The quarter ended with Illinois in possession of the ball on Wesleyans' thirty-five-yard line.

Second quarter: Wesleyan intercepted a forward pass and ran the ball back thirty yards. Wesleyan tried a place kick, but failed. Successive line plunges by Spink netted first down for Illinois. Wesleyan held and Illinois was forced to punt. Illinois recovered the ball on a fumble. Pierce and Spink gained first downs for Illinois. Wesleyan held again and Illinois was forced to punt. On end runs and tackle slides Wesleyan went thru for about forty yards, bringing the ball within close proximity of the Illinois goal. Thiebaud substituted for Strickler. Illinois held and Wesleyan was penalized fifteen yards for holding. Wesleyan failed at an attempted place kick. Illinois ball on the twenty-yard line. Illinois fumbled and Wesleyan recovered. Wesleyan gained eight yards on a tackle slide. Illinois held and Wesleyan was thrown for a loss. Tried to place kick again, but failed. The half ended with Illinois in possession of the ball on its own twenty-yard line.

Third quarter: Illinois kicked to Wesleyan, holding tightly and forcing them to punt. Wesleyan was penalized five yards for off-side. Spink went thru for five yards. Helmle went around for a three yard gain and Spink plunged thru for seven more. Pierce was thrown for a loss of two yards. Frisbie gained seven yards and Pierce netted two more. Spink went thru for four yards. Illinois was penalized five yards for off-side. Spink gained two yards and when a forward pass failed he went thru for seven more. Wesleyan ball on downs. Wesleyan punted to Pierce. Spink gained two yards more. Frisbie caught a forward pass netting a gain of ten yards. Jones substituted in place of Spink. Pierce, Helmle and Frisbie gained one yard each. On the fourth down with seven yards to gain Mitchell carried the ball within three yards of the goal line, a gain of about eighteen yards. Jones carried the ball over the line. Frisbie failed on the kickout. Score, Illinois 6, Wesleyan 0.

Wesleyan kicked to Illinois booting the ball over the goal line. Illinois ball on the twenty yard line. Jones gained nine yards on three line plunges and Helmle circled the end for four more. Then gained two more. Pierce passed to Rendleman, thirty yards, who carried the ball forty yards for a touchdown. Great blocking by Frisbie aided in scoring this touchdown, he diving about six yards to block off a man who was just about to tackle Rendleman. Frisbie missed goal. Score Illinois 12, Wesleyan 0.

Wesleyan kicked to Illinois, again booting the ball over the goal line. Illinois ball on the twenty yard line. Jones made seven thru theline and Helmle netted twelve more. Illinois fumbled but recovered. Helmle and Pierce each gained two yards. Frisbie went around for eight yards more. Illinois ball on Wesleyan forty yard line.

Fourth quarter: Illinois tried a forward pass but failed. Jones, on four line plunges went thru for seventeen yards. Pierce gained two yards and Jones went thru for fifteen more. Russel substituted for Valentine. Frisbie gained seven yards and Jones carried the ball across for Illinois' third touchdown. Frisbie kicked goal. Score, Illinois 19, Wesleyan 0.

Wesleyan kicked to Pierce, who carried the ball to the forty five yard line. Jones made one yard. A forward pass failed and Illinois lost three yards on a fumble. Illinois punted. Wesleyan made five yards. Illinois penalized fifteen yards for tripping. Wesleyan gained four more and on a forward pass in back of the line of scrimmage gained six more. Frisbie recovered Wesleyan's fumble. Barnes substituted for Helmle who was taken from the game on account of injuries. Barnes gained twenty yards and Jones went thru for eight more. Barnes passed to Frisbie who carried the ball across. Frisbie kicked goal. Score, Illinois 26, Wesleyan 0.

After Wesleyan had kicked off to Illinois, Coach Harmon sent in the following substitutes: Riefler for Rendleman, Fanning for Frisbie, and Sooy for Zink. Pierce ran the ball up ten yards. Jones made one yard and Pierce four more. Barnes carried the ball up fourteen more yards. The game ended with Illinois in possession of the ball on Wesleyan's sixteen yard line.

CHAS. MASSEY THROWN FROM SULKY; INJURED

Horse Turned Somersault and Driver Was Dashed To Earth Thirty Feet Distant — Fortunate In Prompt Medical Attention.

While driving a horse as pacemaker for his father at the Massey track southwest of the city Friday morning, Charles Massey was thrown from the sulky by the horse falling and suffered severe injuries. Dr. H. B. Carriel who was present gave him attention and later Dr. Duncan who was called attended to his injuries.

H. H. Massey was working Sim, a horse owned by State's Attorney W. N. Hairgrove and was going to step him a fast mile for Mr. Hairgrove's benefit. Charles Massey with Don Hal was acting as pacemaker. The horses reached the seven-eighths post going at probably a 2:10 clip. Suddenly Don Hal seemed to stumble and turned a complete somersault. The cause of the accident was the fact that the horse caught one hind shoe on the point of one front shoe and was thus thrown forward in the manner described.

Massey struck the track on his head sustaining the injuries referred to above. Spectators rushed to his assistance and at first it was feared his injuries were fatal.

It was fortunate that Dr. Carriel happened to be one of those present for he was able to give first aid speedily and then securing his car which was a short distance away, conveyed the injured man to the Massey home. A short time afterward Dr. W. P. Duncan arrived and Mr. Massey's injuries were dressed. He has a very deep cut across the forehead, a gash in his cheek, his mouth is severely cut and the little finger of one hand broken. He was unconscious for half an hour or more after the accident but last night was feeling very much improved and it is believed that he will suffer no serious results unless some infection is caused by the dirt which was brushed into his bleeding wounds as he was thrown from the sulky a distance of 30 feet.

The accident was the more serious because the Massey track, just like that of the average country road now, is very hard. It will be weeks at best before Mr. Massey's injuries are healed and he is naturally suffering a great deal from shock.

George H. Wilson of Quincy, prominent member of the Illinois general assembly, will make an address at the court house tonight. He comes under the auspices of the Republican Morgan County Woman's Organization.

Mr. Pletcher has been especially successful in evangelistic work in the churches he has served and has done special work in other churches as well. Mr. and Mrs. Moon are now assisting in revival services in Cleveland and will go from there to Hamilton, Ont. The only open time they had was in January and the special Centenary services were arranged for that time in order to secure their presence.

The people of Centenary recently paid off all the indebtedness on the church and are looking forward to the special meetings with great expectation.

SUNDAY S. WORKERS HEARD ADDRESS

A. F. Hammersfahr Gives Excellent Points for Teachers.

Last evening at Grace M. E. church, A. F. Hammersfahr of Chicago gave an excellent address on Sunday school work to an audience of interested persons. His remarks were replete with practical suggestions and were well received. A few ... appended.

Live the lesson yourself. Jesus' message had to be delivered by himself the second and third time as He came back to tell His disciples what He wanted of them. So we must come back to those whom we would get into our school.

We make mistakes regarding Sunday. When I was a boy I dreaded the day for it was full of don'ts. We must brighten and make happy the day or we cannot blame the boys for seeking pleasure some other way. Our set start out Sunday morning and look after the delinquent and lazy ones and stay with them till we are sure of them. Our class has a president who calls it to order, sees to everything but the teaching and has a general oversight. Then we try hard to get every member to stay to church.

I have no wife bu a family of boys. Sunday we do no cooking but set our fireless cooker going Saturday night and have a good Sunday dinner. Then we have some kind of entertainment, singing, reading or something pleasant and then start out for a hike, call on the sick and round up in time for Y. P. S. C. E. We especially try to have a pleasant Sunday afternoon.

A glee club is a good thing. Get every one to work at something. Keep in close touch with the class and school. Be Christlike and love will surely conquer as it did with one whom I sought for six years.

Mr. Hammersfahr is to meet the county workers today at the Ayers National bank.

What Hughes Stands For

"You ask what road I propose to travel? These are the milestones which mark it:

"An Executive responsible to the whole nation.

"A cabinet chosen from the ablest Americans.

"A foreign policy that stands courteously but firmly for American rights.

"A flag that protects the American in his lawful rights wherever his legitimate business may take him.

"A preparation for trade competition which shall protect all groups of American workmen.

"A government oversight of business which will fearlessly eliminate abuses, but will act on the assumption that the average business man is honest.

"And finally a domestic policy which looks to industrial peace, and to sound and permanent prosperity based upon the development of American trade and the building up of American industries.

"We Americans are in one boat. You cannot strike a blow at one group without injury to all. Common justice and fair play will settle our difficulties if suspicion and bitterness are let alone. These are principles by which I propose to be guided."

SOFT COAL PRICE BEYOND ALL EARLIER RECORDS

Mine Operators Now Ask $3.75 to $4 For Lump Coal—Local Price Likely to Reach $6 Mark—Car Shortage and Demand From Industrial Plants Given as Cause—No Relief In Sight.

The price of coal has gone beyond all previous records and Jacksonville dealers were yesterday notified by operators that the price at the mine today will be $3.75 to $4 per ton. This means that with freight and haulage added that coal in Jacksonville will very soon be selling near the $6 price per ton. The prices prevailing Friday were $4 a ton for Springfield coal and $4.50 for Carterville. The local dealers are wholly at the mercy of the operators and are not able to buy more than five or ten cars at a time, the operators refusing to accept any further orders and state the price which they will charge.

Unprecedented Demand.

In 1903 the $3.50 price at the mines was reached, the excessive demand being caused by the strike in the hard coal territory in the East. The operators maintain that the cause for the tremendous advances in price made in the past two weeks is the shortage of cars and by the unprecedented demand. Great manufacturing plants in Detroit and other Michigan cities, in Cincinnati and other cities of that state, plants in Texas and the Southwest that have never before been purchasers of Illinois coal, now are clamoring for it. The country seems to have just discovered the actual car shortage conditions and the big industries that use coal, fearing that they will run short and be compelled to shut down, are offering to pay almost any price for coal and the operators do not have to name figures, but simply signify their willingness to accept the price offered.

The Car Shortage.

The C. B. & Q., the Illinois Central, the Chicago & Alton and all the other roads in this state handling coal in large quantities have presented figures showing how short they are of cars and the same condition prevails in other states. It is a fact that the majority of the mines are not able to operate more than two or three days a week on an average. Persons somewhat familiar with the situation do not see any relief in sight before January, at any rate, and there is every prospect now that the retail price of coal will speedily reach the $5.50 and $6 figure and remain there until the first of the year. The situation is not one that retail dealers have in any manner caused and it promises to be a difficult situation for them because of the very large amount of money which will be required for handling their retail business, with profits not larger than with coal selling at normal prices. The situation is bad, indeed, and just what the consumer of average means is going to do this winter with all necessities at such tremendous prices is a serious problem.

LASALLE COUNTY HAS DETENTION HOME

Is Termed Model Institution of Its Class in United States.

Springfield, Ill., Nov. 3.—The new detention home of LaSalle county, located at Ottawa, Ill., is described as one of the model institutions of that class in the United States," by the Institution Quarterly of the State Board of Charities.

The home with adjacent ground of nine acres, cost $40,000. Judge Henry Mayo, who as county judge, has jurisdiction over all children's court cases, has the following to say of the home:

"Our big endeavor is to give every child an educational foundation which will enable him to earn comfortable livelihood and to develop his most valuable individual powers. If a child has an aptitude for mechanics he ought to have opportunity to work in that field; if he leans toward music or painting he has a right to a fair chance to exercise his talent. Of course, the detention home cannot carry its charges to the end of any educational course, but until we can find a suitable home for each child outside, each will be surrounded by the best influence that the county can provide."

"The most compelling impression one gets from a visit to this detention home is its lack of institutional stiffness," says John N. Beffel in an article on the home. There are no bars on any of the windows. The whole aspect is one of comfort and convenience. Fresh air sweeps thru the rooms. The furniture and curtains in the different departments are as varied in material and design as one would find in a well furnished modern home. Sanitary arrangements represent the final word in that field. Every room and every corridor is spotlessly clean, and every inch of the interior is so finished that it will be easy to keep clean."

LaSalle county is the seventh county in the state to establish a detention home. The other counties are Cock, Adams, Sangamon, Peoria, Woodruff and Knox. During the last year the total appropriations for construction and maintenance of detention homes in Illinois have aggregated only $112,000.

WHIPPLE SOCIETY MEETS.

Philologian society of Whipple academy held a regular meeting in the society rooms at Illinois college Friday evening. Francis Doane gave a declamation. Two extempore speeches were given. William Dew spoke on "Illinois Woman's College Life" and John Ames talked about a recent second team football game.

The question for debate was, "Resolved, That it is desirable to be re-elected for president." Byron Cully and Russell Bronson were the affirmative speakers and George Garrison and Horatio Green spoke for the negative.

A decision for the negative showed that the supporters of the Republican side had the better of the argument.

STATE PRESIDENT TELLS OF NEED FOR SANITORIUM

Dr. Palmer of Springfield, Head of Illinois Society, Says Early Diagnosis of Tuberculosis Would Save Many Lives — Talks at Court House Friday Evening.

The need for early diagnosis in all cases of tuberculosis while the disease is yet in the curable stage, was a point emphasized Friday evening in a talk at the court house by Dr. George T. Palmer of Springfield, president of the Illinois Society for the Prevention of Tuberculosis. Dr. Palmer called attenion to the educative value of a county sanitorium. He said that every patient thus cured was a living testimony to the need for care in the early stages of the disease.

Dr. Palmer arrived in Jacksonville via the late afternoon Wabash and was entertained by members of the Morgan County League at 6 o'clock dinner. The dinner was servel to fifty-one at the Peacock Inn. At the close of the meal Mrs. A. L. Adams introduced Dr. Palmer, who referred to the responsibilities which will follow the passage of the sanitorium measure and said the day of opportunity for good and efficient work will then have come.

Nine Counties to Vote.

Nine Illinois counties will vote at this election on the proposition to create tuberculosis sanitoria and with but one or two exceptions the outlook is bright for a favorable vote. The counties are Adams, Morgan, Ogle, Kane, Livingston, Champaign, Rock Island, Green and LaSalle.

The meeting in the court house began at 7:30 o'clock and was well attended. The program was opened by quartet numbers by Illinois college students.

"The county sanitorium will provide a place for the cure of the curable and a place for the isolation of the incurable so that he will not be a source of danger to others," said Dr. Palmer. "But its chief fraction will be in the education of the entire community. The Morgan county tuberculosis sanitorium will never accomplish as much in the actual treatment of the sick as it will in the prevention of sickness thru education. Every patient who goes out from the institution will be a missionary, preaching the gospel of health and the curability of tuberculosis.

"In times past there have been no facilities for the man of moderate means who acquired tuberculosis, and a great many physicians have conscientiously felt that it was just as well for the individual not to know that he was tubercular as to know this fact and be unable to do anything about it, and consequently many physicians have not sought to make the early diagnosis upon which the curability of the disease absolutely depends.

Now Avoid Examination.

"With the establishment of this sanitorium I prophesy a renewed interest on the part of the medical profession. I believe a diagnosis will be made earlier and that the people, seeing the result of sanitorium treatment, will seek physical examination and early diagnosis where they now studiously avoid it.

"While the general sentiment thruout the counties which will vote on the sanitorium proposition this year is favorable to it, there are two questions which seem to rest in the minds of many of the people. One is as to the expense of the institution. Modest equipment is not incompatible with efficiency. To be a good institution the sanitorium need not be an expensive institution. Another question is as to the danger of a tuberculosis sanitorium to a community. Tuberculosis is not contagious in the sense that we formerly regarded it and the sanitorium is a safeguard against infection rather than a means of infection.

In my talks thruout the state in the interest of the various county sanitoria I have taken pleasure in quoting a citizen of Morgan county, who says that 'the Morgan county institution will be created not for the poor people and not for the unfortunate, but as an institution to which we will cheerfully go if we are sick or to which we will cheerfully send the members of our families.' With such an aim the institution can not fail to succeed."

NEW ORGANIZATION

Friday Mrs. James Galaway of Meredosia, county president for the Woman's Christian Temperance Union met a company of ladies at the home of Mrs. John R. Hill, West College avenue for the purpose of organizing them into a local union. After talking the matter over all were agreed that there was plenty of material in Jacksonville to support more than one union and the probabilities are that two other unions may be added in the near future.

The election of officers was as follows. President, Mrs. J. T. Agnew; vice presidents for the different churches, First Baptist, Mrs. Charles Gibbs; Christian, Mrs. N. A. Branom; Centenary, Mrs. Lou Weatherford; Recording Secretary, Mrs. Sims; Cor. Sec., Mrs. Murdock; treasurer, Mrs. John R. Hill. Fourteen active members were enrolled, with six honorary members.

The name adopted was the Jacksonville Willard Union.

CIVIL WAR HISTORY IS RECALLED

One Hundredth Anniversary of the Birth of Jubal Early, Confederate General, Observed Thru South.

Richmond, Va., Nov. 3.—The one hundredth anniversary of the birth of Jubal A. Early, one of the leading officers of the Confederacy, was generally observed by the historical and patriotic societies thruout the South today. More especially was the centenary observed in Franklin county, this state, where General Early was born November 3, 1816, and in Lynchburg, in which city he resided for many years and where he died March 2, 1904.

General Early was one of the most picturesque figures among the Civil War comanders. General Lee was in the habit of calling him "his bad old man." The designation was apropos to the picture of a commander who garnished his speech with high-forcible language, dressed in the careless fashion of a stage driver, and who was famous for his hard, direct blows in battle.

A graduate of the United States Military Academy in the class of 1837, General Early saw his first service in the Florida war of 1837-8. In the latter year he resigned his commission in the army to begin the practice of law in Virginia. He served in the legislature of his native state, and afterwards as commonwealth attorney. During the Mexican war he was major in a regiment of Virginia volunteers. After the campaign he returned to his law practice in Virginia.

At the beginning of the Civil War he entered the Confederate service as a colonel. He commanded a brigade at the battle of Bull Run and at the battle of Williamsburg, May 5, 1862, he was suposed to be mortally wounded. Under "Stonewall" Jackson he took an active part in the engagement at Cedar Run in August of the same year, and again at the second battle of Bull Run. He was promoted brigadier-general in May, 1863, and commanded the division that held the lines at Fredericksburg while Lee was fighting the battle of Chancellorsville. Again at Gettysburg General Early was in the thick of the fray, his division being selected to storm the ridge. He succeeded in capturing the first line of breastworks, but was driven back by the weight of numbers.

In the operations west of the Blue Ridge in June, 1864, it became necessary for General Lee to detach a considerable portion of his force to meet and overthrow the federal commander, Hunter, who was moving up the Shenandoah Valley. General Early was selected for this purpose. He had latterly commanded Ewell's corps, and with the greater portion of this he moved rapidly to Lynchburg. On July 3, 1864, he approached Martinsburg, accompanied by a cavalry force under Ransom. The federal forces retreated and took up a position at Monocacy Bridge. The federals held the east bank of the river, and were drawn up along the railroad. General Early, having crossed the river, sent forward a brigade to develop the federal strength. In the engagement that followed the federals lost nearly 2,000 in killed, wounded and captured.

Flushed with success, Early moved on Washington, reaching Rockville on the evening of July 10. He was now within sight of the capitol, and the fire of his skirmishers was heard at the White House. The toiling march, however, had depleted his army. The 500 miles of incessant advance at 20 miles a day, left him only 8000 infantry, about 40 field pieces and 2000 cavalry, with which to assault the works around Washington. On July 12 a severe skirmish occurred in front of Fort Stevens, but General Early failed to follow it up by a decisive blow.

At the end of July a portion of his cavalry advanced into Pennsylvania as far as Chambersburg. On September 19, 1864, his army was defeated by Sheridan. Early then retreated to Fisher's Hill, where he was again defeated by Sheridan with the loss of a large part of his army. Then came the great disaster at Cedar Creek, which virtually closed the campaign in the valley and brought General Early's military career to an end.

After the war General Early spent some time in Europe, and on his return resumed the practice of law in Richmond. He subsequently took up his residence in New Orleans and divided his time between that city and Lynchburg. For a number of years he was president of the Southern Historical Society. He was the author of a pamphlet entitled, "A Memoir of the Last Years of the War for Independence in the Confederate States."

SUBWAY NEAR ARNOLD IS PROPOSED

Wabash Crossing here is Dangerous —Conference on Subway Construction Held.

A consultation was held Friday which may result in the building of a subway under the Wabash railroad at Arnold. The meeting was between the commissioners of Road District No. 8 and officials of the Wabash railroad.

In addition to the road commissioners the conference was attended by A. O. Cunningham, chief engineer of the Wabash of St. Louis, Edwin Shelah of Springfield, division engineer and C. E. Brown of Springfield, division superintendent.

The subway as proposed is on the Ocean to Ocean highway. At the conference Friday the ground was gone over thoroly by the road commissioners, the railroad officials and L. V. Baldwin, county superintendent of highways.

There is a depression or draw just west of Arnold Station about 100 yards. It is the intention if the subway is consructed to utilize this draw and run the subway unded the Wabash tracks at that point. It is understood that the right of way has already been secured. If the subway is constructed it will pass under the tracks in a northeasterly direction. The Wabash officials have taken the matter under advisement and if the cost is not too great the subway probably will be constructed. With this subway completed the ocean to ocean highway would not have a grade crossing in Morgan county.

RETURNED FOR THE EAST.

C. H. Russel of the jewelry firm of Russell & Thompson, has recently returned from a trip to New York, Providence, Boston and other places buying goods. While east he enjoyed a visit at Arlington, the home of his boyhood. Forty-seven years ag he was one of a class of thirteen who graduated from the high school at his home. H. C. Ide, afterward governor, was a teacher that year and is still living. The class consisted of twelve girls and Mr. Russell. Two of the class are dead, one is in Turkey and the others all live in that immediate vicinity. While there a friend thought it would be a good idea to have a class reunion and by telephone he had it arranged within an hour and nine of the thirteen gathered about the table. Most of them Mr. Russell had not seen since graduation or for forty years, and the meeting was most delightful.

DOCKET COMPLETED FOR CIRCUIT COURT TERM

Few Suits Filed on Final Day for Service—Kenniebrew Fire Loss Complicated by Error in Policy.

Friday was the final day for service in the circuit court, but not more than three or four suits were filed. L. O. Vaught, as attorney for A. H. Kenniebrew, brought a bill against the Continental Fire Insurance company. The purpose of the proceeding is to ask the company for a correction in an insurance policy which thru error was left in the name of Mrs. Leonora Kenniebrew, formerly the wife of the complainant. It seems that when in July, 1915, the policy was re-issued on the property of Dr. Kenniebrew on West Morgan street, that cognizance was not taken of the fact that Mrs. Kenniebrew had been divorced from Dr. Kenniebrew and as the property had formerly been in her name the policy was continued in the same form.

In February, 1916, the house was very badly damaged by fire. For a time it was impossible to locate the insurance policy and when it was found it developed that it had been written in the name of Mrs. Kenniebrew, whereas the title to the property is in Dr. A. H. Kennibrew. For this reason the company claimed that no insurance could be paid on the policy since the title was not in Mrs. Kenniebrew, in whose name the policy was held. The amount of the policy is $1500 and suit is brought now to require a correction in the name and the payment of the fire loss.

Another suit filed was that of R. C. Taylor as guardian vs. F. M. Williams et al. This is a foreclosure suit brought by Bellatti, Bellatti & Moriarty on an indebtedness of $700.

Mrs. Lilliam D. Moody, by her attorney, W. N. Hairgrove, has brought suit against W. R. Moody for separate maintenance. They were married July 27, 1898.

Knoles is ready now to fix you up comfortably for winter.

SOME FINE APPLES

Mrs. C. C. Carter has received from her niece, Mrs. George Primrose of Spokane, Washington, a box of elegant apples which are highly prized. Mrs. Primrose is the wife of the veteran minstrel performer who so long aided in delighting the public. Theater goers of years ago will well recall the old time firm, Earlow, Primrose and West, and the Primrose mentioned here is the one who was in the show business. His wife is much younger than himself as he has retired from business and is spending the latter part of his life on a farm in the state of Washington, raising fruit and enjoying himself generally.

G. A. Trugley of Joliet had business in the city yesterday.

LYNNVILLE

Mr. and Mrs. L. E. Hamell and son, Harold, spent Sunday at the home of Mr. and Mrs. George Fligg and family.

Mr. and Mrs. Roy Heaton, Mrs. Nettie Shepherd and Foster Lee Stainforth and John Stephenson attended the show in Jacksonville Wednesday night.

Mr. Braner of Jacksonville visited Sunday at the home of L. M. Shirtcliff.

Mr. and Mrs. George Fligg spent Thursday at the home of C. E. Hamell.

Mrs. Hagen and daughter, Mrs. Walbaum of Alexander spent Sunday at the home of Mr. and Mrs. Will Lazenby.

The Missionary Society of the Lynnville Christian church will hold a spelling contest and box supper at the town hall on Friday evening, November 10. A prize will be given to the best speller and one to the school which he represents. All are cordially invited. Ladies are requested to bring boxes.

Mr. and Mrs. Ralph Dodsworth have returned to their home in Ottawa, Kan., after a visit with friends here.

BIDS ASKED

Sealed bids will be received by the city of Jacksonville at the office of the city clerk up to 10 a. m. Monday, Nov. 13, 1916 for 10,000 square feet more or less of concrete sidewalks in East State street, as provided by ordinance duly passed by the city council August 14, 1916. The right is reserved to reject any or all bids.

R. L. Pyatt, City Clerk.

EASTERN TEAMS FACE EASY GAMES

Defeat of More Important Teams With Their Big Contests Only a Week Away Would Be Most Sensational Form Upset of Season.

New York, Nov. 3.—With few exceptions, the more important Eastern college football teams face comparatively easy games tomorrow and defeat with their big contests only a week or so away, would be the most sensational form upset of the season.

Army will figure in the one intersectional game, meeting Notre Dame. While West Point is admitted to be stronger than a year ago, the Indiana collegians have not abandoned hope of repeating the victory of last season.

Navy faces Washington and Lee eleven, which Army defeated October 7 by a score of 14 to 7. For the sailors to lose to the invaders would make the cadets favorites for the annual clash three weeks hence.

Colgate will go to New Haven in an attempt to repeat its 1915 victory over the Blue. Both teams have shown they are above the ordinary this season. Neither has been defeated, altho scored upon. Both Princeton and Pennsylvania have drawn comparative weak opponents. The Tigers will be opposed by Bucknell, which has won but two out of six games. LaFayette will face Pennsylvania and there is nothing in the record of the elevens which would indicate that the Quakers will be forced had to score a victory. Much interest will attach to the Harvard-Virginia game in view of the southern team's 61 to 3 defeat by Yale earlier in the season. Cornell will line up against Carnegie Tech with its team in the process of reconstruction and as the visitors are above the ordinary the contest should be close and interesting with the Ithaca eleven having the edge. The powerful Pitsburg gridiron should have little trouble in subduing Allegheny. The contest between Syracuse and Dartmouth is likely to develop into a thrilling football battle as both teams have shown remarkable playing ability, altho lacking at all times the consistency needed to round out a winning eleven.

J. H. S. WINS GREAT VICTORY FROM PEORIA

Locals Play Strong Visiting Team Off Their Feet—Hull Makes Place Kick From 35-Yard Line.

Jacksonville won one of the greatest victories of her football history on Illinois Field Friday afternoon when she defeated the strong Manual team of Peoria by a score of 16 to 6. Jacksonville not only outplayed but outgamed their heavier opponents.

When the game started the coach of the Peoria team said he had started his substitutes. From the way he sent men in after the first quarter there is no question but that he had his first team all playing before the game ended.

The first score made by Jacksonville was a pretty place kick by Hull from the 35 yard line. After that two touchdowns were made. At the beginning of he second half Peoria kicked off and Jacksonville started from her 20-yard line and carried the ball straight down the field for a touchdown and kicked goal. It was one of the greatest exhibitions of football ever seen on Illinois field.

All of the Jacksonville team played great football. The line held like a stone wall and it was seldom that Peoria could gain thru it. On the offensive the two Reynolds, Hull, Johnson and Green did brilliant work. It was largely thru their line plunging and end runs that Jacksonville was able to score her two touchdowns. The Jacksonville team also showed excellent interference for the man carrying the ball.

First Quarter

Jacksonville kicked to Peoria on the five yard line and the ball was carried back to the 25 yard line. Peoria carried the ball by end runs to the center of the field. Peoria tried a forward pass and the line for a loss of five yards and kicked to Homer Reynolds. Homer Reynolds made 15 yards on an end run. Jacksonville was penalized 15 yards for holding. Peoria held for downs on her 25 yard line. By two forward passes and a penalty of five yards on Jacksonville for offside, Peoria advanced the ball 60 yards to Jacksonville's 25 yard line. By end runs and line plays Peoria took the ball to Jacksonville's five yard line where they were held for downs.

Johnson made six yards on a line plunge and Hull made it first down on another. Jacksonville tried the line for no gain and Reeve was hurt in the play and Green went in. Homer Reynolds and Hull annexed 45 yards between them. Jacksonville fumbled but King recovered the ball for a loss of 10 yards. Peoria then held for downs. Peoria made five yards on an end run and Hull intercepted a forward pass as the quarter closed, on Peoria's 42-yard line.

Second Quarter

Howard Reynolds hit the line for five yards and Hull went thru for 20 yards. Jacksonville failed to gain on an end run and Hull booted a place kick over from the 35 yard line. Score Jacksonville 3, Peoria 0.

Jacksonville kicked over Peoria's goal line on the kickoff and Peoria put the ball in scrimmage on her 20 yard line. Peoria worked three forward passes for a total of 54 yards. On the next attempt at a forward pass Howard Reynolds intercepted it on Jacksonville's two yard line. Howard Reynolds and Hull made eight yards thru the line and then Howard Reynolds skirted the end for 30 yards. Jacksonville tried a forward pass and a line plunge and Peoria held for downs in the center of the field.

Peoria tried two forward passes. The first failed and the next was intercepted by Ferguson on Jacksonville's 35-yard line. Jacksonville made a yard thru the line and lost five yards on a bad pass. Jacksonville kicked to Peoria in the center of the field. Peoria was unable to gain and kicked to Jacksonville on her one yard line. Hull hit the line for six yards, Howard Reynolds made three yards and Johnson made seven yards for first down. Homer Reynolds made eight yards on an end run and then reeled off 40 yards more. Jacksonville made two yards thru the line and Howard Reynolds then made 20 yards on an end run. With the ball on Peoria's seven yard line Tholen hit the line for two yards and Hull went over for a touchdown but failed to kick goal. Score Jacksonville 9, Peoria 0. The first half ended shortly after the kickoff.

Third Quarter

Peoria kicked over Jacksonville's goal line and the ball was put in scrimmage on the 20 yard line. By some of the greatest straight football ever played by a Jacksonville team the locals carried the ball down the field by line bucks and end runs to within one foot of the goal. Howard Reynolds by a brilliant end run in which he bowled over about half the Peoria team placed the ball in the shadow of the goal. On the next play Green circled end for the touchdown and Hull kicked goal. Score Jacksonville 16, Peoria 0.

Jacksonville kicked off to Peoria and the ball was carried back to Peoria's 45 yard line. Peoria tried the line and was thrown for a loss of ten yards. They then made seven yards on an end run. Peoria by a succession of brilliant forward passes, in which was mixed a penalty on Jacksonville of 15 yards for holding carried the ball to Jacksonville's two yard line and scored on two line plunges. They kicked out on the six yard line and failed on goal. Score Jacksonville 16, Peoria 6.

The remainder of the game was played in Peoria territory and neither team was able to make much headway being frequently held for downs. The game closed with the ball in Peoria's possession in the center of the field. The lineup:

Jacksonville		Peoria
Ferguson		Stein
	Left End	
Johnson		Brown
	Left Tackle	
Tholen		Stringham
	Left Guard	
Walker		Nelson

	Right Halfback	
Hull		Waller
	Fullback	

Referee — Larson, Jacksonville; Umpire—Brown, Bradley; Head Linesman — Potter, Illinois; Timers—Rayhill, Linekamp. Time of quarters 15 minutes.

SPORT NOTES.

Cleveland, Ohio.—Jack Graney, veteran outfielder of the Cleveland American League club, has enrolled in Central high school here to prepare for a college course in medicine.

Graney is determined to become a physician when his baseball days are over. He was unable to enter college at once because he needed additional preparation in Latin.

Chicago.—Guy Dunlap, a recruit third baseman, who will report to Pittsburg National next spring, is regarded by Manager Callahan as a real find. Dunlap played in a trolley league with St. James, Mo., last season and had a batting record of .500 per cent in fifty games. His record is filled with extra base hits.

Chicago.—Charles A. Comiskey, owner of the Chicago American League club, concluded his forty-first season in baseball with the finish of the 1916 season. The "Old Roman" declared he would be willing to give up all the wealth he's made in baseball to land another pennant winner.

Lawrence, Kan.—So great is the demand for tickets for the Kansas-Missouri football game that applications for more than 1,000 have already been received, altho the contest will not be played until Thanksgiving Day, November 30.

The contest is expected to attract the largest crowd that ever witnessed a football game in the Missouri Valley Conference. Despite the heavy demand for seats, the usual price will not be advanced.

Houghton, Mich.—The western branch of the American Amateur Hockey association will be represented by six fast aggregations during the coming season, according to the personnel of the line-up.

Teams from Calumet, Houghton, Canadian Soo, American Soo, St. Paul and Minneapolis comprise the western branch.

NEBRASKA AND AMES WILL MEET TODAY

Two Teams From the South Will Invade Missouri Valley Conference Territory.

Kansas City, Mo., Nov. 3.—Nebraska and Ames, both undefeated this season, will meet tomorrow on the Cornhusker field. Two teams from the South will invade Missouri Valley conference territory. Oklahoma playing Kansas at Lawrence and Texas meeting Missouri on the Tigers' home grounds. Grinnell and Drake will play at Des Moines and the Washington squad will travel to Ann Arbor for a game with Michigan's eleven. The game at Lincoln may decide the valley title, as Ames and Missouri, having fought a tie game, Nebraska could claim the championship by defeating the Iowans.

No reports have been made concerning the Grinnell-Drake game, but indications are that Drake's last year's defeat of 58 to 0 will not be repeated. The Michigan game should only afford practice for Yost's men, as Edmund's squad has had little success this year.

BOOKS AT PUBLIC LIBRARY.

Three boxes of old books and magazines have been given recently to the Public Library by Miss Lucy Sturtevant. In going thru them to opt the material in order to use, a few interesting old pamphlets of local interest have been found. These may be of especial value in getting together historical data for the Centennial celebration in Illinois. There is an historical sketch of Illinois College, its origin progress and wants published by John T. West, printer in New York in 1832. This is the second edition of this pamphlet A constitution and articles of faith of the General Congregational Association of Illinois published by the Intelligencer Print of Galesburg in 1848 and some old alumni registers and School of Fine Arts Bulletins in connection with the Jacksonville Female Academy may be examined at the Library. The new books this week are:

Social Problems.

Osborne: Society and Prisons. 'The author himself requires no introduction. Everyone knows that in order to study prisons and prison condition first hand, he lived the life of a convict for a week, serving with what was reputed the roughest gang in Auburn Prison and spending a night in the 'cooler.' His big human sympathy is part of this book, and it is part of all of his work."

Sherrill: Modernizing the Monroe Doctrine. "The author, late minister to Argentina, discusses economic and trade opportunities in South America, showing what U. S. business organizations can effect in furthering trade, and urges the adoption of the doctrine of Pan-Americanism for the present Monroe doctrine." A. L. A.a Ekl.

Health.

Christian: Eat and be Well. My investigations have convineed me that about ninety per cent of all human disease originates in the stomach and is caused by wrong eating and drinking." Eugene Christian in Preface.

Cromie: Keeping Physically Fit. Common sense exercises for whole family.

Fancy Work.

Buettner: Crocheting with Novelty Braids.

Orr: Filet Crochet Designs.

Orr: Gown Yokes and Alphabets in Crochet Work.

Description and Travel.

Brooks: Mineral Resources of Alaska. Published by the U. S. Geological Survey.

Smith: In Dickens' London, Beautifully illustrated with charcoal drawings by the author.

Poetry.

Kipling: Songs from Books.

"If you can fill the unforgiving minute
With sixty seconds worth of distance run,
Yours is the Earth and everything that's in it,
And—which is more—you'll be a man, my son."

Sandburg—Chicago Poems.

"Give me hunger,
O you gods that sit and give
The world its orders."—From a Window. Edgar Lee Masters says that "it is with high explosives that Carl Sandburg blasts from the mass of Chicago life these figures of modern circumstance."

Some Imagist Poets 1916. "Poetry is the vision in a man's soul which he translates as best he can with the means at his disposal." Prefacie. In the preface the young poets, who have contributed to this anthology ask to be judged by their own standards, frankly admitting that they are experimentalists.

Rent Fiction.

Chambers: The Girl Philippa.

Lowndes: Good Old Anna.

Williamson: Lightning Conductor Discovers America.

ANNIVERSARY OF SALEM LADIES' AID

The ninth anniversary of Salem Ladies' Aid was observed at the home of James Baker and daughters Thursday evening. The evening was ideal for the occasion and most all of the members and their families were present.

The house was prettily decorated in maple leaves. An elaborate two-course luncheon was served. The following ladies had charge of the kitchen. Mrs. Ed. Armstrong, chairman; Mrs. Will Harrison, Mrs. Harvey Davis, Mrs. Charles Matthews, Mrs. Homer Cully, with the young ladies and young men from the homes of the society acting as waiters.

The following program was carried out, Mrs. William Davis, president of the society, acting as chairman:

Scripture reading and prayer by the pastor, Bro. Wetzel.

Song, Will There Be Any Stars in My Crown?

Secretary's report for the year, Mrs. Sallie Hoagland.

Treasurer's report, Mrs. F. L. Green.

Paper, by Miss Fannie Boyd.

Paper, Mrs. Will Harrison.

Solo, by Miss Martinet Baker.

Reading, by Miss Lena Caylor.

Closing song, Blest Be the Tie That Binds.

Those present from a distance were Mr. Price Shafer and son from Tallula, guests of William Davies and family, and Mrs. Libbie Bohrman of Beardstown, guest of Mr. Thos. Boyd and family.

The next regular meeting will be held with the pastor and wife at the parsonage December 1, an all day meeting. The election of officers for the society will take place at that meeting.

Mr. and Mrs. Ernest A. Sandberg of Hettick are visiting at the home of Mrs. Sandberg's parents, Mr. and Mrs. C. A. Sandberg, on Pennsylvania avenue.

D. 1916, Pursuant to Resolutions dopted by the Senate and House of Representatives of the Forty-ninth General Assembly. This Statement is Made in Accordance with Paragraph 9 of Chapter 7A, Hurd's Revised Statutes, 1916.

The Forty-ninth General Assembly passed a joint resolution for the submission of an amendment to the Constitution to the voters of the State of Illinois at the general election to be held on the seventh day of November, A. D. 1916, which joint resolution is in words and figures as follows:

"Resolved, by the Senate of the State of Illinois, the House of Representatives concurring therein. That there shall be submitted to the electors of this State for adoption or rejection at the next election of the members of the General Assembly of the State of Illinois in manner provided by law, a proposition to amend Article IX of the Constitution, by adding thereto an additional section to be known as section 14 of Article IX, as follows:

"Article IX, Sec. 14. From and after the date when this section shall be in force the powers of the General Assembly over the subject-matter of the taxation of personal property shall be as complete and unrestricted as they would be if sections one (1), three (3), nine (9), and ten (10), of this article of the Constitution did not exist: **Provided, however,** that any tax levied upon personal property must be uniform as to persons and property of the same class within the jurisdiction of the body imposing the same, and all exemptions from taxation shall be by general law, and shall be revocable by the General Assembly at any time.

"Adopted by the Senate by two-thirds vote May 18, 1915.

"Concurred in by the House by two-thirds vote May 20, 1915."

The proposed amendment affects sections, 1, 3, 9 and 10 of article 9 of the constitution.

Section I of Article 9 is as follows:

"The General Assembly shall provide such revenue as may be needful by levying a tax, by valuation, so that every person and corporation shall pay a tax in proportion to the value of his, her or its property—such value to be ascertained by some person or persons, to be elected or appointed in such manner as the General Assembly shall direct, and not otherwise; but the General Assembly shall have power to tax peddlers, auctioneers, brokers, hawkers, merchants, commission merchants, showmen, jugglers, innkeepers, grocery keepers, liquor dealers, toll bridges, ferries, insurance, telegraph and express interests of business, vendors of patents, and persons or corporations owning or using franchises and privileges, in such manner as it shall from time to time direct by general law, uniform as to the class upon which it operates."

Under this section, the only basis upon which taxes may be levied is that of the valuation of property. If the proposed amendment should be adopted, said section 1 of article 9 would be changed by the amendment so as to permit the Legislature to enact laws which would substitute different and suitable rates and methods for the just and sure taxation of each of the various classes of personal property, instead of the present so-called "uniform" method, which results in the escape of millions from taxation.

Laws passed pursuant to said amendment may provide for the assessment of intangible property at a lower rate than other forms of property, it being a matter of common knowledge that a comparatively large part of the intangible property of this State escapes taxation. Therefore, tangible property, such as real estate and various forms of personal property, must bear disproportionate burders.

Section 3 of the said article 9 of the Constitution provides as follows:

"The property of the State, counties and other municipal corporations, both real and personal, and such other property as may be used exclusively for agricultural and horticultural societies, for school, religious, cemetery and charitable purposes, may be exempted from taxation; but such exemption shall be only by general law. In the assessment of real estate incumbered by public easement, any depreciation occasioned by such easement may be deducted in the valuation of such property."

The proposed amendment would affect section 3, above quoted, to the extent that laws may be passed by the Legislature, classifying the personal property which may or may not be exempted by the General Assembly, provided that any exemption made must be by general and not special law, and shall not be contractual but revocable at any time.

Sections 9 and 10 of said article 9 of the Constitution of this State are as follows:

"Section 9. The General Assembly may vest the corporate authorities of cities, towns and villages with power to make local improvements by special assessment, or by special taxation of contiguous property, or otherwise. For all other corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes; but such taxes shall be uniform in respect to persons and property, within the jurisdiction of the body imposing the same."

"Section 10. The General Assembly shall not impose taxes upon municipal corporations, or the inhabitants or property thereof, for corporate purposes, but shell require that all the taxable property within the limits of municipal corporations shall be taxed for the payment of debts contracted under authority of law, such taxes to be uniform in respect to persons and property, within the jurisdiction of the body imposing the same. Private property shall not be liable to be taken or sold for the payment of the corporate debts of a municipal corporation."

First—Under the proposed amendment said sections 9 and 10, above quoted, would be affected by the amendment to the extent that laws may be passed by the General Assembly permitting municipal corporations to levy taxes on personal property according to classes, in such manner as the General Assembly may provide by law as it may elect.

Second—The General Assembly may provide by law a different rate of tax on different classes of personal property which the General Assembly, as it sees fit, shall provide for by law, but the tax rate shall be uniform as to all property in each class.

The present Constitution requires uniform taxation, uniform valuation and uniform tax rates on all taxable property. The proposed amendment removes that restraint upon the Legislature, in so far as personal property is concerned:

Approved:
PATRICK J. LUCEY,
Attorney General.

LEWIS G. STEVENSON,
Secretary of State.

The Forty-ninth General Assembly passed an act for the submission to the voters of the State of Illinois at the general election to be held on the seventh day of November, A. D. 1916, amending section 2 of an act entitled, "An Act concerning corporations with banking powers," approved June 16, 1887, submitted to a vote of the people at the November election, 1888, and adopted, which amendatory act is in words and figures as follows:

"An Act to amend 'An Act concerning corporations with banking powers,' approved June 16, 1887, and submitted to the vote of the people at November election, 1888, and adopted.

"SECTION 1. **Be it enacted by the People of the State of Illinois, represented in the General Assembly:** That section 2 of 'An Act concerning corporations with banking powers,' approved June 16, 1887, and submitted to the vote of the people at November election, 1888, and adopted, be and the same is hereby amended so as to read as follows:

"SECTION 2. When any association of persons desire to avail themselves of the provisions of this Act, they may apply to the Auditor for permission to organize, stating their place of business, the amount of capital and name under which they desire to organize, and the time for which such association shall continue, which statement shall be under their hands and seals, and acknowledged before some officer authorized by law to acknowledge deeds; and the Auditor shall issue to them a permit to organize. But no permit shall be issued to more than one association having the same or a similar name or having the name of the location of the bank or any surname in the same relative position so as to make such name similar; and all persons or associations formed under this Act shall have their capital stock divided into shares of one hundred dollars each."

"SECTION 2. It shall be the duty of the Secretary of State for this State to submit this act to a vote of the people for their ratification, according to Article XI, section 5, of the Constitution of this State, at the next general election, and the question shall be 'For amendment to the General Banking Law' or 'Against amendment of the General Banking Law.' And if approved by a majority of the votes cast at such election for or against such law, the Governor shall thereupon issue his proclamation that this Act is then in force."

Section 2 of the present Banking Law is the same as section 2, above quoted, with the exception of the second sentence. The amendment proposes the following:

"But no permit shall be issued to more than one association having the same or a similar name or having the name of the location of the bank or any surname in the same relative position so as to make such name similar;" instead of that part of section 2 sought to be amended, which provides as follows:

"But no permit shall be issued to more than one association of the same name."

The object of the proposed amendment is to protect State banking institutions now doing business in this State, and those hereafter organized to do business in this State from persons who desire to use the same or similar names in doing a banking business under the laws of Illinois, and also to avoid confusion in the names of banks organized under the law of this State.

The amedment to the Constitution, in order to become operative, must receive the affirmative votes of a majority of the electors voting at the election to be held November 7th, A. D. 1916. The amendment to the Banking Law, in order to become operative, must secure a majority of all votes cast at such election for or against such law.

Approved:
PATRICK J. LUCEY,
Attorney General.

LEWIS G. STEVENSON,
Secretary of State.

I, C. A. Boruff, County Clerk of the County and State aforesaid, do hereby certify that the foregoing is a true copy of two statements made by Lewis G. Stevenson, Secretary of State, and approved by Patrick J. Lucey, Attorney General, and which are now on file in this office, pursuant to law, and which are hereby published in accordance with the provisions of Paragraph 11 of Chapter 7A of Hurd's Revised Statutes of Illinois, 1916.

County Clerk.

—CONCORD—

Mrs. Davis and daughter, Miss Ada of Colorado, after 9 years absence, have been visiting Mrs. J. H. Abernathy and other relatives in this vicinity and also in Jacksonville, Chapin and Bluffs. On Saturday last Mrs. Abernathy, Mrs. Davis, Miss Davis, Miss Eva Abernathy and little Trella Ator spent the day with Miss Carrie Deitrick at her beautiful home and were right royally entertained. The same company including Miss Deitrick were entertained at the home of Mrs. Abernathy on Sunday and a very enjoyable time was spent in conversation and music. Mrs. Davis and daughter have returned to their western home.

There were 583 names registered by the judges of election in Concord precinct. This will necessitate some rapid voting if every one votes. About three fifths of the names are men's names and the remainder women.

Miss Ethyl Plank invited about two score or more of her young friends to a "weiner roast" which was held on Wednesday evening. The roast was held in a pasture, where a brush fire was made and each person had the pleasure of roasting his or her portion of the repast. Weiners, marsh mallows and bread were much in evidence and of course the young folks had a most enjoyable time. They departed for their homes at a late hour.

The Coterie met with Miss Carrie Deitrick on Wednesday afternoon. The function was largely attended, especially by members from Chapin and Joy Prairie.

G. W. Rentschler and S. G. Rentschler have been having some concrete walks made which add much to the appearance and comfort of their homes.

C. F. Meyer has men at work today on his corn crib. George Wooff has a new corn crib and shed which is very complete in all its details.

Roy Abernathy is to have a public sale of his personal property on Saturday afternoon, at his home in the north part of Chapin.

Mr. and Mrs. Walter Woodward of Chapin came out Wednesday in their new Chevrolet car and called on Mrs. S. M. Henderson. Mr. Woodward carries the mail on Route 1 out of Chapin, and makes the time around in two hours.

J. B. Ratliff started to Jacksonville on Tuesday in his car and while turning a corner out on Joy Prairie threw the little Leeper girl out and oneof her arms was broken.

During the storm Monday evening, W. F. Bloomeyer, living near Chapel hall, had the misfortune to have three head of cattle struck by lightning. One stroke of lightning struck them. They were going sin single file under a walnut tree when the lightning struck them.

Tuesday Evening Party.

Tuesday evening about fifty of the young people of the McKendree and Hickory Grove neighborhoods gathered at the home of Mr. and Mrs. C. E. Rice, six miles east of Meredosia and Hallowe'en.

Mrs. Rice and her able assistant, Miss Lena Ruskwinkle had spent the day in decorating the wall pictures with branches of trees and plants, showing a great variety of tints of the season. The curtains also were decorated with witches' heads, cats, bats and owls made from black crepe paper. Also small pumpkin lanterns were suspended before the windows. The younger members of the family had pumpkin lanterns lighted with candles on each side of the doorway to light the guests into the house.

The guests came in disguise and each one showed much ingenuity in the make-up.

The usual Hallowe'en amusements were indulged in such as fortune telling, receiving a photograph of your ideal, eating suspended doughnuts, etc.

Miss Lavena Heiman, Kathryn and Helen McGinnis entertained with piano and vocal selections. An additional musical feature was a Chamber of Horrors," which was located down cellar and which sent shivers down the backs of those who explored the dark recesses of the dungeon.

Delicious refreshments of apples doughnuts and cookies were served. The guests departed at a season able hour, each seeming to have enjoyed the evening's entertainment present were Harold, Earl Melvin and Leona Burrus, Alvin and Harold Perry, Waldo and Verna Heiman, Russell Naylor, Thos. Bushnell, Wm. Parker and family, H. C. Pond and family, Naylor, Chris and Ida Browing, Sherman, Kath ryn and Helen McGinnis, John Rein Ada and Florence Ruskwinkle Edward, Wallace and Alma Davenport, Chas. Oscar and Ernest Norman, Chas. Leonara, Harrison and Gilman Squires and Raymond Tieman.

WOMEN IN THE NEWS

Like the late Queen of Roumania, who made a literary reputation under the pseudonym of Carmen Sylva the present queen, Queen Mario, is a writer. She was born an English princess, daughter of the Duke of Edinburgh, and she writes in her native tongue. Her third book, "Holiers of Light," is now in the hands of her London publishers and will soon be given the public. She has previously produced two novels, "A Dreamer of Dreams," and "The Lily of Life."

Establishment by the U. S. Department of Labor of a national employment system for women and girls to assist in solving the problem of women's industrial training to country girls and uniformed women, and the placement of these women and girls.

Uncle Sam is advertising for a female lacemaker whose specialty is Italian cutwork and bobbin lace. He will pay from $600 to $720 a year to any competent woman not over forty years of age who will pass the Civil service examination. The examination is open to women of good character and health. Only those who work will speak under these conditions. Unfit candidates will be eliminated in the examination which will be written, "oral," about it, nor much time will be given to the subject. Preparation under Commissioner Camnetti's direction for many months, will be put in operation in a short time, by which it is hoped employment may be provided regularly for many thousands of working women and girls. This movement was inaugurated following the adoption of resolutions on the subject at the convention in Washington last January of the National Council of Women. The fundamental purposes of the plan are the furnishing of information you and positively do the work. quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do the work without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with biliousness and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

USE "CASCARETS" FOR LIVER AND BOWELS WHEN CONSTIPATED

When Bilious, Headachy, Sick, Feverish, Sour Stomach, Bad Breath, Bad Colds.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are sick, grassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Adv.

HEAD AND NOSTRILS STUFFED FROM COLD

"Pape's Cold Compound" Ends a Cold or Grippe in a Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound," which costs only 25 cents to any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

ACTIVITY CONTINUES UNABATED IN BUSINESS

Dun's States Neither Pending Elections nor Persistent Rise of Prices Have Perceptibly Reduced Momentum.

New York, Nov. 3.—Dun's Review tomorrow will say:

"Either the pending elections nor the persistent rise of prices have perceptibly reduced the momentum of the business movement. Activity continues unabated at a time when more or less hesistency is usually witnessed and it remains a wonder that with costs mounting steadily, and in many cases rapidly, demands are sustained in such great volume. New buying for current and forward requirements still outstrips the facilities for both production and distribution, labor conditions and the growing scarcity of materials acting as a brake on manufacturing in many directions. Car shortages are also a hindrance and the consequent restriction of fuel supplies causes some concern among industrial interests. With shipments generally backward and the trend of prices continuing strongly upward, producers display greater reluctance in extending commitments farther into the future and an increasing number of profitable contracts are being rejected.

BIG EXPORT BUSINESS RALLIES WHEAT MARKET

Prices Close Unsettled at 1 Cent off to ⅝ of a Cent Up—Increasing Arrivals Weaken Corn.

Chicago, Nov. 3.—Big export business rallied the wheat market today after a material decline which had been largely the result of rains in Argentina. Prices closed unsettled $1.85@1.85¼, for December, and $1.85½ to $1.85¾ for May, with the market as a whole 1c off to ⅝c up compared with yesterday's finish. Corn lost ⅛c to ½@⅝c and oats ¼@⅜c to ⅝c. In provisions the outcome ranged from 2½c decline to a rise of 25c.

Many longs took advantage of the rise in wheat prices, and indulged in profit-taking to such an extent that the market weakened toward the close. One of the reasons given for realizing by holders was that the entire amount of available ocean tonnage was said to have been already engaged and there was some uncertainty as to a steady foreign demand.

Increasing arrivals weakened the corn market. At times, however, wheat strength and the unsettled weather gave temporary advantage to the bulls.

Oats gave way with corn. Good export buying tended, tho, to make the market relatively steady.

Provisions influenced by miscellaneaus buying, developed firmness at the close. Earlier the market had eased owing to a setback in the value of hogs.

WEAKNESS RESULTS IN THE HOG MARKET

Cattle Appears Scarce—Sheep and Lamb Prices Seem to be Upheld by Demand from Feeders.

Chicago, Nov. 3.—Pronounced weakness resulted in the hog market today because this week's supply has been one of the heaviest of the year and that offerings were mostly of inferior grade. Cattle appeared scarce. Sheep and lambs prices seemed to be upheld by demand from feeders.

MARKET DUPLICATES PRECEDING SESSION

Dealings Again Restricted to United States Steel and Affiliated Industrials.

New York, Nov. 3.—Aside from a twenty five percent reduction in the trading, today's market was in most respects a duplicate of the preceding sessions. Dealings were again largely restricted to United States Steel and affiliated industrials, the metals and equipments, with a liberal admixture of non-dividend rails.

Mexicans were in better demand than at any recent time, but motors were under further restraint, despite the higher prices attained by their subsidiaries. The demand for minor rails was the more conspicious because of the backwardness or irregularity of investment issues of that division.

The score of new British loan was confirmed in the admission that the entire amount had been fully subscribed. New York Central and Chicago, Burlington and Quincy submitted very favorable September statements of earnings and for rests of the weekly movement, declare cash gains by local banks.

Bonds were firmer on smaller offerings. Total sales (par value) aggregated $5,360,000.

United States bonds were unchanged on call.

MRS. CATT BELIEVES TWO MILLION WOMEN WILL VOTE

President of National Woman's Suffrage Association Makes This Estimate—Illinois Expected To Lead List.

New York, Nov. 3.—Trying to find the women in the political lost and found department is a baffling job, according to the politicians, who are asking, with increasing eagerness and anxiety, how the women are going to vote. It is the vote of women, so most forecasters admit, that is the least known quantity to be reckoned with in this presidential election.

Women now vote in twelve states of the Union: Arizona, California, Colorado, Idaho, Illinois, Kansas, Montana, Nebraska, Oregon, Utah, Washington and Wyoming. These states have ninety-one electoral votes. An estimate based on the United States census of 1910 puts the number of women over 21 years old and so eligible to vote at 4,108,514.

2,000,000 Expected to Vote.

Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association, figuring on the number of men who refrain from voting and reasoning the same causes that operate to keep men from the polls will, without doubt, apply to women, puts the number of women's votes in the approaching election at 2,000,000. Others say 2,500,000, others 3,000,000, and still others 1,500,000.

Women voted in the 1912 election in California, Colorado, Idaho, Utah, Washington and Wyoming. The total vote cast by women and men together for president in these six states amounted to 1,523,633. In the other six states where women may vote in this presidential election for the first time the male vote in 1912 was 1,772,335. Thus the total vote in these twelve states amounted to 3,295,968.

Question as to How They'll Vote.

If the total vote of men and women in six states plus the men's vote in the other six of the suffrage states did not rise to 4,000,000 in 1912, it is rather vain to claim that in the same states there may be 4,000,00 of women's votes in 1916," said Mrs. Catt.

However, it is how these 2,000,000 more or fewer, women are going to mark their ballots which is the baffling problem before which even the most prophetic quail.

Nine out of the twelve equal suffrage states gave their electoral votes to the Democratic ticket in the three-cornered election of 1912. They were Arizona, Idaho, Illinois, Kansas, Montana, Nevada, Oregon, Wyoming and Colorado. California went Progressive by the barest pinch, Washington followed suit while Utah went Republican.

Illinois Heads the List.

This year there seems to be several doubtful states, among them Illinois, Idaho, Kansas, Oregon and California, although women campaigners of the various parties differ in their lists. All seem to agree Illinois leads the roster. For the first time, women of that state will vote for president and more than 500,000 of them are registered. How they are going to mark their ballots nobody knows.

Women campaigners here, however, unite on one point, and that is that any talk of delivering the women's vote en bloc is both foolish and futile—that such a thing is an impossibility.

BIG "DRY" PARADE IN LOS ANGELES

Los Angeles, Cal., Nov. 3.—Foes of the liquor traffic in Los Angeles and the neighboring communities turned out in full force today for the great "dry" parade which was intended to influence public sentiment in favor of the proposed prohibition amendment to the state constitution which is to be submited to the voters for acceptance or rejection at next Tuesday's election. Temperance societies and numerous church and other organizations joined in the arrangements for the parade. Early indications were that probably 40,000 marchers would be in line.

THE MYSTERIOUS FOE

A Series of Stories About Some Illinois Men, Women and Children. Issued by the Illinois State Association for the Prevention of Tuberculosis

FIFTH EPISODE.

Life has taken a peculiar slant to Irvin ——.

The future doesn't look so rosy as it did a few months ago. But the present has become wonderfully precious.

About three years ago, Irvin entered college. He was chuck full of the commodity called "pep." His life in grade and high schools had been that of the typical American boy.

He was ambitious. He wanted to "make his mark in the world" and to further prepare himself for the job, he felt that he needed a college education.

But Irvin's parents were poor and could promise him very little assistance. So, with a cheerful grin, he buckled to the task of paying his way through the state university.

In his freshman year, he played one of the tackle positions on his class eleven. The following year he was a first "sub" on the 'varsity.

He was popular with his classmates and was elected to one of the most exclusive "frats." He was passably good looking and could have taken a prominent part in the social life of the university but he had work to do and declined practically all of the invitations. You mustn't draw from this, though, that Irvin was a "goody, goody" boy. He wasn't. But he was as clean, and healthy and happy and talented as you would want your boy to be.

While he was playing "varsity sub" Irvin confidently expected to make the first team in his third year. But it puzzled him to find that he couldn't get in condition.

Something had gone wrong with his wind and his muscles refused to "stand the gaff" of the early training season.

He began to lose weight and to find that his brain didn't work as smoothly as it used to.

Then he learned that he had become infected with tuberculosis and that he had "got" the disease from somebody else who had it.

Someone who had tuberculosis, had coughed or sneezed or spit where the germs could be carried to Irvin's lungs. Probably whoever it was didn't realize what a criminally careless thing it was to do, but they did it anyway.

Sanatorium treatment might save Irvin but his funds are low and he can't afford to pay for treatment in a private institution.

ILLINOIS HAS GIVEN MANY PROMINENT MEN

Nation Indebted to This State For Two Great Presidents—Manufacturing and Agricultural Records Are Notable.

Springfield, Ill., Nov. 3.—In these political times some states are noting the number of presidents and other national officials they have given to the nation. In this regard Illinois is well to the fore.

Illinois has given the nation two presidents, Abraham Lincoln and Ulyses S. Grant; one vice president, Adlai E. Stevenson; one chief justice of the United States Supreme Court, Melville W. Fuller, and one justice of that court, David Davis; seven cabinet ministers, Elihu B. Washburn, Orville O. Browning, John A. Rawlings, Robert T. Lincoln, Walter Q. Gresham, Franklin MacVeagh and Walter L. Fisher.

These records were compiled in the office of the secretary of state, which office also presents the following achievements of Illinois:

Illinois manufacturers yearly produce goods to the amount of more than $1,000,000,000. The state produces $60,000,000 worth of agricultural implements yearly; packs twice as many cattle and hogs as any other state; produced more than 280,000,000 bushels of corn last year and 42,000,000 bushels of wheat; has four of the eight banner agricultural counties in the United States—McLean, Iroquois, Livingston and LaSalle—and produces more than 61,000,000 tons of coal a year.

Illinois pays more revenue to the government than any other state except New York and one revenue district, Peoria, pays more money into the national treasury than any other in the country. Illinois has more newspapers than any other state except New York; stands second in the number of automobiles; has 3,000 miles of interurban railroads; has no state debt, and has more miles of steam railroads than any other state.

BIRTHDAY PARTY FOR CENTENARIAN

Belvidere, N. J., Nov. 3.—Thomas Paine, Belvidere's oldest citizen, will reach the century mark tomorrow. Friends of "Uncle Tommie," as he is popularly known, are arranging for a suitable celebration of the birthday anniversary. The celebration will take the form of a party to be given at the home of the centenarian. It will not be a surprise party, however, for Uncle Tommie's friends know that any such plans would fail. Despite his 100 years, Mr. Paine has full possession of all his faculties and is reputed to know about everything that happens in Belvidere that is worth knowing. So when the plan was discussed by his friends and neighbors it was generally agreed that it would be impossible to surprise Uncle Tommie with a "surprise" party.

BIRTHDAY OF CHIEF JUSTICE WHITE

Washington, D. C., Nov. 3.—Chief Justice White of the Supreme Court of the United States, was 71 years old today and the occasion was marked by the personal congratulations from his colleagues on the bench and the receipt of messages offf greeting from various parts of the country. The chief justice is a native of Louisiana and for several years represented that state in the United States senate. He became an associate justice of the supreme court in 1894, and in 1910 he was appointed to succeed the late Melville W. Fuller as chief justice.

THE PRICE OF OUR PROSPERITY

Millions of dead soldiers, sacrificed by nations locked in a death grapple of deadly hate — the agonies of grief-stricken widows and orphans, sitting amid the ruins of desolate homes—the moans of the wounded and the mute lips of the dead, testify to the price of our prosperity.

In its death agony, Europe called out to America: "Give us arms, artillery, munitions, motor trucks, horses, aeroplanes, food for our soldiers! Price is not a factor. We must have them at any price. Money is the least of our sacrifices."

Europe's terrible necessity — not the laws of Congress, nor any proclamation of the President—is the cause of our vaunted prosperity.

The railroad terminals of American seaports could not hold the loaded cars waiting for their freight to be transferred to vessels bound for Europe's blood-stained battle fields.

But what will happen when the war ends?

Before the war, millions of men were clamoring for work which they had been deprived of because of the Democratic Tariff. Factories were closed. Women and children were hungry.

The same tariff exists now. The same conditions will return when Europe's gigantic armies stack their guns and return to their work.

What of America — men and women — after the war?
